# S.S.S. MADE FROM ROOTS AND HERBS

## A SAFE AND RELIABLE BLOOD PURIFIER

In the time of our forefathers the forests and fields were the only laboratories from which they could procure their medicines. They searched out and compounded the different roots, herbs and barks into remedies, many of which have been handed down to succeeding generations, and continuously used with satisfactory results. Among the very best of these old time preparations is S. S. S., a medicine made entirely from roots, herbs and barks, in such combination as to make it the greatest of all blood purifiers. This absolute vegetable purity of S. S. S. makes it the one medicine that may be used without fear of harmful results in any way. Most blood medicines on the market contain mercury, potash, or some other strong mineral. These act with bad effect on the system, upsetting the stomach, interfering with the digestion, affecting the bowels, and when used for a prolonged period of time often cause salivation. No such effects ever result from the use of S. S. S., and it may be taken by children as safely as by older people. For Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, and all other troubles caused by impure or poisoned blood, S. S. S. is a perfect remedy. It goes down into the circulation and removes all poisons, impurities, humors or unhealthy matter, and makes the blood pure and rich. It eliminates every particle of the taint of inherited blood trouble, purifies and strengthens the weak, deteriorated blood, and establishes the foundation for good health. S. S. S. is Nature's Blood Purifier, and its many years of successful service, with a steadily increasing demand for it, is the best evidence of its value in all blood troubles. Book on the blood and any medical advice free of charge. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

happening. The county clerk, Gilham was bribed and threatened with brickbats if he let the matter out.

The little sister, Miss Ruth, went to school as usual, but an impression from some mysterious and unexplained source prevailed, possibly attributable to the mystic touch of Cupid, who enters with the springtide into so many young lives. As a result, Miss Cundiff, of the high school, headed a serenade party and a great jollification ensued at the Ackles home at eve. But still no one knew anything of a wedding having transpired. After a while the friends dispersed. One of the serenaders said: "Well, we are beat one time. They are not married. What fools we mortals be!"

The real fact never dawned till this morning as the happy young friends took their departure from this city for their future home in The Dalles. Many good wishes follow them, for
