

Money Supports the Home

and it needs a steady influx of it to maintain the household and keep it going. To be sure of that steady flow of money, it is the best plan to bank the savings so that you will know where to reach them in time of need.

FRUIT TREES IN BLOOM.

Orchards About Milton Are Taking on Pretty Colorings.

More and unmistakable signs of spring are at hand. Several peach trees in the city are in full blossom, and some of them have been for two days, says the Walla Walla Statesman.

"Well, I wouldn't mind a light frost. I never saw the blossoms so heavy on the trees and a few of them killed would save a lot of work thinning. However, if there is no frost, I guess we can get the fruit thinned by hand. Prospects at this time certainly look good, but it is a little too early to predict a fruit crop."

VIOLATING FISH LAW.

The Meacham Lumber Company Has Dumped Shavings in Creek.

That the laws for the protection of fish in eastern Oregon streams, at least, will be rigidly enforced, is shown by the action of Deputy Warden O. F. Turner of this city, who has made complaint against the Meacham Lumber company for dumping planer shavings in Meacham creek, thereby violating the state law and injuring the fish possibilities of the stream.

For some time past the sawmill company has been dumping shavings in the stream and the matter has just been called to the attention of the deputy warden, who made a thorough investigation and found that the company is openly violating the law.

As Meacham creek has been stocked with young trout during the past few years, especial attention to the protection and propagation of the fish will be given as the shavings in the stream mean the death of them, drastic measures to prevent the pollution of the stream in this way, will be taken.

C. W. Nibley, Jr., who is manager of the Meacham Lumber company, is now out of the state, but as soon as he returns, which will be in a short time, the matter will be brought to issue.—Pendleton East Oregonian.

Spend Summer in Oregon.

A recent report from Klamath Falls states that Mrs. E. H. Harriman wife of the railroad magnate, will spend a portion of the coming summer season at Pelican Bay lodge, with the children of the family accompanying, and the party will enjoy the matchless fishing of Klamath waters and scenery and Crater lake, while here. It is understood that improvements will be made at Pelican Bay early part of the summer to make the place more comfortable, but without detracting from its charm of natural forest, sequestered nooks undisturbed by the hunter or fisherman, except the guests of the owners of the splendid upper lakes property, where it is probable will be established one of the finest private fishing and game preserves in the Pacific coast states.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs and prevents serious results from a cold. Refuse substitutes. A. T. Hill.
