OBSTINATE ULCERS MAY LEAD TO CANCER

There is no difference, at first, in the appearance of a cancerous and a common ulcer, and for this reason every sore that is obstinate or slow in healing should excite suspicion, for the sore is nothing more than the external evidence of a polluted blood, and if allowed to remain may degenerate into cancer. Efforts to heal the ulcer by means of salves, plasters and other external remedies always result in failure, because such treatment can have no possible effect on the blood, where the deadly germs and morbid matter form, and are carried through the circulation to the place. No sore or ulcer can exist without a predisposing internal cause, and the open, discharging ulcer or festering old sore will continue to eat deeper into the surrounding flesh as long as a polluted, germ-infected circulation discharges its impurities into it. S. S. S. goes to the fountain-head of the trouble, and drives out the germ-producing poisons and morbid impurities which keep the ulcer open. Then as this rich, purified blood goes to the diseased place the healing begins, all discharge ceases, the inflammation gradually leaves, new tissue and healthy flesh are formed, and soon the sore is permanently cured. S. S. S. is made entirely of roots and herbs of a healing, cleansing nature, and unlike mineral medicines, which often do great damage to the delicate parts of the system, S. S. S. tones up every part of the body. Book on Sores and Ulcers and any medical advice desired free.

WOODMEN MET TODAY

The M. W. A. county convention for Union county commenced today at Island City. The county was well represented and many matters of interest to the members were discussed. After the usual business of the convention was transacted the session took up the matter of holding a M. W. A. picnic to which all the Modern Woodmen in the county should be invited. Cove was selected as the place, and the latter part of July as the time. This will be made the greatest day of the year so far as Woodmen are concerned. The exact date will be announced as soon as the committee can arrange matters.

The convention selected Fred B. Currey of the La Grande camp, as the county representative at the state camp, which will meet next May in Ashland. The next convention will be held in La Grande.
