CATARRH A SERIOUS FAR-REACHING BLOOD DISORDER

Even in its early stages Catarrh is almost intolerable, caused by the stuffy feeling in the nose, the buzzing noises in the ears, the continual "hawking and spitting" difficult breathing, etc. But when the blood becomes thoroughly polluted from the catarrhal matter, the inflammation extends to the bronchial tubes, causing hoarseness, and often an aggravating cough; the stomach is affected, resulting in dyspepsia, loss of appetite and strength, and gradually all the mucous membranes of the body become diseased and the system upset and deranged. Frequently the kidneys and bladder are attacked, and the constant passage of impure blood through the lungs, diseases these important members, and Catarrh terminates in Consumption. Catarrh is a deep-seated blood disease, and must be treated constitutionally, for it is beyond the reach of local treatment. S. S. S. cures Catarrh by cleansing the blood of all the impure catarrhal matter and at the same time building up the entire system. It goes down and attacks the disease at its head, in the circulation, and removes every trace of the impurity that is causing the trouble. Then as rich, pure blood circulates through the body, the inflamed membranes commence to heal, the mucous discharges grow less and finally cease, and all the disagreeable and disgusting symptoms of Catarrh disappear. S. S. S. has no equal as a cure for this disease. It refines and purifies the entire circulation and repairs the damage done by Catarrh. Special book on Catarrh and any medical advice free.

Bismarck

HOW many living men can squarely stand up and honestly compare themselves as the equal or superior (in any way whatsoever) to the great Iron Chancellor of the Hohenzollern's, who made Goethe's dream of Germanic unity a realistic drama of "iron and of blood?"

How many dare declare, "I have greater brain power than he"—"I have a stronger body"—"I am healthier"—"I have a saner knowledge"—"I am more successful" or "I have more force of character?"

Bismarck, during his marvelous career, outwitted the most celebrated statesmen of his time; terrified the mightiest kings and emperors; overthrew and conquered three armed nations; and ruled over the empire he created with enlightened and practical wisdom for nearly half a century, dying at the ripe old age of 89, famous throughout the world as the "Greatest of the Germans."

Now, upon what nutriment was this colossus fed that he grew so mighty; what put the iron into his blood? This we know—that like all Germans he believed in good eating and drinking, hence the juices of malt and hops were never absent from his table.

Authority—any biography of Bismarck. "A pot of good double beer, neighbor, drink and fear not."—Henry VI.—Act 2.

IS a beer of redoubtable name and fame.

Health, strength and vigor glows and sparkles in every glass. Fifty years ago we began to brew it. For fifty years the most fastidious have pronounced it without an equal in any land. It is known from ocean to ocean, from the gulf to the lakes, and wherever Americans go for business or health or pleasure—Budweiser is there.
