NUMBER 111.

HARRIS DANCE HALL CLOSED BY POLICE

PLACE DECLARED TO BE A PUBLIC NUISANCE.

Growing out of the arrest of the young girl, confessions made by her and a careful investigation by the police, the Harris Dance Hall has been closed to further dances—owner and manager both promise to obey orders.

Growing out of the arrest of a young girl Saturday, her subsequent confessions and following the uncovering of a social condition in the city which is distasteful and obscene in the extreme, the chief of police has ordered the Harris hall closed.

Chief Walden has notified Mrs. Harris, who owns the building, and Mose Harris who manages the dances there, that hereafter the dances must cease. Knowing the futility of attempting to operate the dances when the place is under the ban of the police, Mose Harris has promised to cancel further dance dates. This action bears out the statements made in The Observer yesterday that conditions existed which could not be tolerated in a decent community.

HURTING THE CHURCH.

Boycott Works Hardship on Methodist Book Concern.

Chicago, Ill., April 7.—The investigation leading up to the Methodist Book Concern boycott by organized labor will probably take place when the Methodist general conference meets in Baltimore next month. Chicago Methodist preachers took action

today looking towards a full investigation of the difficulty. They assert the boycott is hurting the church.

The boycott is the result of the refusal of the board of managers of the book concern to reinstate old employees who had walked out when the demand for an eight-hour day was made on the publishers of the country by the International Typographical union. Union labor throughout the entire country was appealed to, with the above results.

Elect Delegate in New York.

New York, April 7.—Republican assembly district conventions, which will elect delegates to the republican state convention next Saturday, will be held here today.

BAGGAGE AND MAIL IN FLAMES

N. P. BAGGAGE CAR AFIRE WHILE EN ROUTE.

Fifteen Pieces of Baggage and Two Trackloads of Second-Class Mail Were Destroyed by a Fire in Combination Baggage and Mail Car Near Prescott Today—Car Cut Out and Rushed to Round House—No Serious Damage to the Car.

Tacoma, Wash., April 7.—Fire was discovered in a combination mail and baggage car of the Northern Pacific as the train was passing Prescott this morning and before the fire could be extinguished, 15 pieces of baggage and two truck loads of second-class mail were destroyed. When the fire was discovered the car was detached and backed into Prescott. An engine then rushed the car into the round house at Tacoma, a mile away, where the fire was extinguished. The car was not badly damaged. The origin of the fire is unknown.

PASSENGERS IN A SMASHUP

ELEVATED CHICAGO TRAIN PLUNGES OFF OF STRUCTURE.

Some Were Fatally Hurt and Many Bruised and Injured in an Accident on a Chicago Elevated Road—When Train Struck Street Below, One Car Was Standing on End—The Others on Top—Uninjured Passengers Crawl Out of Windows.

Chicago, April 7.—Plunging from the elevated structure of the South Side Rapid Transit road today, a trainload of passengers were injured, some fatally. Men, women and children were thrown into a struggling, screaming mass as the car pitched headlong into the street below. The first car stood on its end and others piled on top of it. Those who were able to move crawled out the windows. Others were too badly injured to use their legs and arms and had to be cut out.

The cause of the accident is not known, but a defective switch is held responsible by the trainmen.

The accident occurred at the 43rd street station, and the train pitched to the street with such suddenness that pedestrians narrowly escaped being crushed. Judge Carmody of Marcell, Ind., is among those internally injured.

Evans Improving.

Paso Robles, Cal., April 7.—Admiral Evans continues to improve, but his doctors are determined to prevent him, if possible, from taking any part in receptions until the fleet reaches Santa Barbara.

The following bulletin was posted today: "Admiral Evans had a fine night's rest and is feeling better today than any time since his arrival here."

All of the facts of the Mitchell-Smith bribery transaction, which was told by Smith in his affidavit to F. J. Heney and used by the latter as the basis of his charge against the senator, will be dragged into court by one side or the other. Smith announced today that he intended to subpoena every member of the 1898 legislature who knew anything about the alleged deal and compel them to tell their story to the court.

QUEEN OF ANARCHISTS TO STAY IN CANADA.

Emma Goldman, the High Priestess of Anarchy, Must Prove She is an American Before Authorities Will Allow Her to Enter the United States—Tries to Cross Border But is Detained—Returns to Winnipeg From Whence She Came.

Minneapolis, Minn., April 7.—United States immigration officials refused to allow Emma Goldman, the anarchist, to cross the Canadian line into the United States today, and compelled her to return to Winnipeg, where she has been staying for the last few days.

IT OUGHT TO BE THE HAPPINESS AND GLORY of every citizen to so live and act that his fellow citizens will esteem him for his goodness, his kindness, and his usefulness. The principles of good citizenship should constitute the code of rules for every kind of business whether public or private. This applies particularly to the drug business, because, owing to the limited knowledge of the qualities of drugs by the general public, it follows that the reliability of the druggist is the chief guarantee of good service.
