CAMPBELL WILL SPEAK

Not alone is Tom Richardson going to be in La Grande tomorrow night, but President Campbell of the State university is to be in the city. If any one thinks for a minute that Mr. Campbell's field lies in teaching high school graduates alone, they are mistaken—he knows a thing or two about boosting, for he is a member of the executive board of the Eugene Booster club, which has set a pace for advertising which few cities can follow in this state. Mr. Campbell is going to Union tonight, but will be here tomorrow night to address the mass meeting. He will tell in his own words of the remarkable feats performed by the boosters of Eugene.

The story reads like fiction. Tom Richardson came to Eugene to boost. His meetings were advertised, but not a corporal's guard was out to hear him. There was a show on that night and the citizens were attending it. Richardson forced himself before the audience at the playhouse between acts and planted the germ of boosting which today has borne a \$12,000 subscription, \$5000 of which will go to pay a live boosting secretary. This will be told, in part, tomorrow night. Every business man had better be out for there is going to be something interesting going on.

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

fire. Ford was then fighting a proposal to reduce fares of the company. He then testified that Ruef spoke to him about the overhead trolley franchise about a week after the fire. He said Ruef told him the company wanted the franchise and that he should find out what it would take to secure a passage of the ordinance. Gallagher then testified that he visited the supervisors, among them Coleman, and shortly afterwards Ruef told him that they would get \$4000 apiece. The first installment of \$2000 was paid in July or August. Gallagher then stated that Ford received a note in his office one day, warning him that the grand jury was trying to trap supervisors in a graft scheme and Ford gave Gallagher the note and told him to convey it to Ruef at once. Gallagher stated that he made a shorthand copy of the note.

SOCIETY EVENTS TONIGHT ATTRACTS ATTENTION

The Gibson pictures to be given under the auspices of the Lyle Tuesday Musical at the Elks' auditorium at 8:30 this evening, is creating more than the usual interest. The subjects for the poses are all prominent society people of La Grande. If you are not already an admirer of Gibson, an evening with his pictures will certainly convince you that he is one of the leading artists of the day.

This entertainment is given for the purpose of raising funds to entertain the state federation of women's clubs, which meets in La Grande in October. Among the pictures represented this evening will be the following:

GET SCORE EACH DAY

In view of the fact that Pacific coast baseball games are played at such an hour of the afternoon that it is impossible to procure results in time for regular publication. The Observer has gone to considerable trouble in arranging a somewhat satisfactory solution to the question. The outcome of it is, that fans of this city will be supplied with scores of these games the day on which the games are played, through a process of bulletins. The scores should reach here between 5 and 6 o'clock each evening, and for the present, at least, will be posted at the Corwe & Jolly barber shop and at the Ferguson book store, both on Adams avenue, and in the central portion of the city. The runs, hits and errors will be included in the information. This system will commence Thursday or Friday night, at the latest. This arrangement will keep local baseball fans in touch with the outside world of sports. At the Ferguson book store, the percentage will be kept, and immediately after the score is received, the percentage of each team will be calculated. This is also a desirable feature of the service.

These two places will be headquarters for baseball news when the local club gets in working order. When games outside of the city are played the results will be telephoned to these two places for the accommodation of the fans.

Better Than Spanking.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
