There is no trifling with nature; it is always true, grave and severe; it is always in the right, and the faults and errors fall to our share. It defies incompetence, but reveals its secrets to the competent, the true and the pure.—Goethe.

President Campbell, of the State university, who is touring the state while remarking what wonderful things Eugene was accomplishing through its booster organization, stated that the little city of Springfield, a few miles distant from Eugene, was now boasting of the most equable climate on the coast, ascribing the change due to the fact that Eugene was emitting so much "hot air" that by the time it reached Springfield the temperature was simply ideal. Eugene, however, is building five-story buildings, and block after block of paved streets, expending \$300,000 for an improved water system, and no less than 50 new residences are now under construction. She has reason to feel proud of her growth. Any community that will raise a booster fund of \$12,000 for advertising their country can be depended upon to secure results. Does advertising pay? Look at Eugene today.

There is not a city anywhere that contains more loyal and energetic boosters than La Grande. All we lack is a little organization, a getting together and the joining hands and purposes in a common direction. Let us all turn out tonight in the organization of the new Commercial club. It takes a little time to get down to active work. By commencing now we could be in most excellent shape to take care of the fall rush of home-seekers. We could prepare for a most excellent exhibit and our conditions are much more favorable for a campaign than for a spring campaign. During the fall Grande Ronde valley, with her waving fields of golden grain, her hundreds of acres of red apples, and the beet culture on, shows activity that appeals to the thrifty easterner.

Every one should plant liberally of flowers this spring and fall. It may be that another campaign will be inaugurated this fall when the home-seekers rates are on, 60 days. We all remember how the flowers were appreciated last fall during the booster campaign. The results of that little campaign can point today to a number of families that were secured by the maintenance of exhibit hall. Yes, that campaign did far more than that. It got the towns of Grande Ronde valley together as they had not been for years. That was worth the effort expended many times over.

There will be something doing in La Grande every Saturday for the next five months. A parade of the La Grande fire department would be an attractive feature. Our fire fighters are second to none and we have just reason to be proud of our fire boys. We have had a number of excellent opportunities during the past few years to have disastrous conflagrations, but in no single instance did the boys ever let a fire get beyond control.

Come out and hear Tom Richardson, that prince of Oregon boosters, this evening in the Elks' auditorium.

There are more Gov. Johnson admirers in this state that one might presume without giving the matter any thought. There are not a few democrats who would rather see Johnson nominated over Bryan.

There is little rest for the successful politician under the primary law. After a strenuous campaign for the nomination he now finds himself facing another strenuous campaign for election.

San Francisco will have a new epoch from this time on. Hereafter everything dated from the earthquake but from now on everything will date from the coming of the fleet.

It is just a little too early to remove the stoves while house cleaning.

NO NEWS YET

Postmaster Richey is held in suspense regarding the outcome of the recent examination held in this city for the free mail delivery carriers. Daily he anticipates receiving word from the department at Washington informing him who shall be the carriers in La Grande when the service is opened on May 15, or thereabouts. It is now over one month since the examinations were held, and naturally if the service, with all its preliminary details, is to be opened on schedule time, it is urgent that the carrier matter be settled soon.

Mail Boxes Coming. Word has been received that the mail boxes and many other accessories which are sent out by the department at Washington, will arrive in La Grande soon. The boxes will be placed about the city according to instructions now in the hands of Postmaster G. M. Richey.

CONFIRMATION SERVICE.

Bishop Paddock Delivers Stirring Report—Address Last Evening.

A good congregation which nearly filled all the pews, assembled last evening in St. Peter's Episcopal church, to hear Bishop Paddock, and witness the solemn confirmation service. The bishop's address took the form of a report of his experiences during the past few weeks. Besides Baker City, La Grande, Pendleton, he has visited The Dalles, Hood River, Heppner, Weston, Union and Cove. At all of these places he met with a cordial reception and found much encouragement. But it was pathetic to find how the church was misunderstood and the prejudice existing against her owing to the ignorance as to what she is and what she stands for. He spoke briefly on what the church has to offer and furnish society in the preaching of the gospel and administration of the sacraments. In this connection he emphasized the point that confirmation was a lay ordination, which conferred on the recipients power from on high to go out and save others and by so doing, save themselves, the principle underlying it and its purpose both being unselfish ones. A class of six adults was presented by the rector to the bishop to receive this apostolic rite of laying of hands.

FREE TO YOU—MY SISTER

I am a woman, I know woman's sufferings. I have found the cure. I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White discharge, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths; also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex. I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the cure. If you should wish to continue, it will cost you only about 12 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always results from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours also the book. Write today, as you may not see this offer again. Address MRS. M. SUMMERS, Box H. • • • • • Notre Dame, Ind., U. S. A few doses started the brick dust like fine stones and now I have no pain across my kidneys and I feel like a new man. It has done me \$1000 worth of good." A. T. Hill.
