If you have not already subscribed to the booster fund, do so today. It is a duty you owe to yourself and to the town in which you live and from which you draw your support. Do not excuse yourself from the responsibility upon the grounds that you do not own a store or because you are not conducting a business enterprise. Every property owner should contribute something. An active booster organization will result in a material increase in the valuation of your property and therefore you should contribute your share. Do not wait for the committee to call upon you, but call upon the committee. They will be pleased to see you and will cheerfully receive any amount you see fit to sign for. "Every little bit added to what is now subscribed makes just a little bit more."

The record of the present county court is an exceptionally good one. One which the republicans of this county may point to with justifiable pride. The county debt has been reduced to less than \$65,000, and while this reduction has been taking place no part of the county construction work has been neglected. Thousands of dollars have been expended in building substantial bridges and the roads have received attention in all parts of the county. Voters should take this fact into consideration when they cast their ballot for county commissioner at the election in June. Remember that J. M. Selder, the republican candidate, has been no small factor in this reduction of the county debt.

Farmers throughout the valley are all wearing broad smiles on account of the splendid crop prospects. A Grande Ronde valley farmers always wears a smile, because of the fact that a crop failure is unknown here. The season has been an exceptionally good one for planting, and the acreage for this time of the year is above the average. Additional acreage means additional crops, and additional crops means more money, and more money means more prosperity. What more can any one ask?

It is impossible to successfully advance a single reason why every republican should not support the ticket from top to bottom. The party never had a better ticket or ever had a better opportunity to accomplish a sweeping victory. Let every candidate receive his full party strength election day.

La Grande citizens fully realize that they live in the best town and the grandest valley in eastern Oregon, and this fact will soon be made known in no uncertain manner.

Six thousand dollars' worth of good advertising for La Grande will bring results which will revert to the advantage of every man, woman and child in Union county.

Who said the booster spirit was dead in La Grande?

**Moving. Moving. Moving.**  
This evening we will move into our new market on the North Side, and tomorrow morning we will be doing business in our own building, with no more rent to pay. A small item like no rent to pay could not lower the price of meat very much, but nevertheless our patrons will receive the benefit of it.

We wish to impress on your minds that we are responsible for lower prices on everything in the meat line, and should have the preference. Some of the things we claim for ourselves: We sell for cash only, and therefore can sell cheaper, and do sell cheaper than any one else. We claim to have the cleanest and most up-to-date markets in the city. You are cordially invited to call and inspect every department. Quality is our main aim. It is at all times the best that it is possible to procure. Our delivery system is second to none. Your telephone order will receive as careful consideration as if you were here in person, to make your selection.

We have on hand at all times anything that a first-class market should have. Our best, home cured hams and bacon are our pride.

We guarantee them in every respect.

Remember the place, North Fir street market, just north of Geddes Bros. grocery.

The Midget market on Adams avenue, next door to J. D. McKennon's grocery.
