The Observer—always first with the news.

The time required to repair the damage done by the washouts near Huron last winter, is longer than at first anticipated. It is announced that fully a month's work yet remains to be done in that region of the mountains. So damaging were the washouts at that time, when mountain traffic was crippled for several days, that work trains have been working for several weeks and still have a month's hard work before them. The washouts are being filled with heavy rock. When completed the company will have the roadbed in as good shape or even better, than it was before the spring rains did their damaging work.

#### Hay for Sale.

## Danger in a Cold

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Not only pneumonia, but also the infectious diseases such as diphtheria and scarlet fever start with a cold. The cold prepares the system for the reception and development of the germs of these diseases. Take our advice—cure your cold while you can.

#### Chamberlain's Cough Remedy

by its remarkable cures of colds has become a staple article of trade and commerce. Its promptness is effectual; it is reliable. Try it.
