PAVE STREETS FEVER GROWS

Portland, Ore., May 11.—The beautiful spring weather that is being enjoyed everywhere in Oregon is sufficient to make every man, woman and child in every village, town and city, and upon every farm, feel as though there was the best place in the wide, wide world to live.

Street paving and hard surface paving of the metropolitan type has become the rule throughout the cities and towns of Oregon. Many hundreds of thousands of dollars will be invested in hard surface pavements in Oregon, outside of Portland, and during the present season Portland is doing more paving than at any time in her history.

The Coos Bay Harbor has just issued a Woman's edition under the auspices of the Beautiful American club. The best known women of the state have contributed to the issue and it is a success from every standpoint.

The members of the Portland Realty board enjoyed, in addition to a boat ride on the incomparable Columbia, a full day's outing at Hood River, last Saturday, where they were entertained in the most gracious way.

A vast area of Klamath, Harney, Lake and Malheur counties, comprising some 300,000 acres, is to be opened for settlement. Much capital is behind the enterprise and this project must of necessity attract enormous attention to that great portion of Oregon, which only needs improved transportation facilities to make it one of the most productive and popular sections of the northwest, and the rapid settlement of these lands will force the building of the transportation lines.

From Astoria to Huntington, and from Portland to Ashland, the baseball craze has full hold of the state, and every vacant lot is being utilized in preparing for later contests.

One of the greatest attractions of Rose Festival week will be the 50-mile and 100-mile automobile speed contests to be held during the afternoon of Thursday, June 4. This will be the greatest racing event ever held on the Pacific coast; the course lies east of this city, each lap being 14 miles, and a grandstand seating 10,000 people has been erected in full view of the start and finish of the races. No machines will be allowed to enter which are not capable of a speed of 65 miles per hour. Three magnificent silver trophy cups are offered for each race—one valued at \$500, one at \$250 and four at \$100 each. The entire course will be oiled and in perfect condition, the roads being closed to all traffic during the hours of the races and guarded by detachments of the Oregon National Guard. A field opposite the grandstand will be reserved for the use of any who may wish to view the races from automobiles or carriages, while telephones stationed at different points will report the progress of the races, announcement to be made on bulletin boards.

The Roseburg Commercial club is after a practical cannery man to cooperate with the people of Roseburg in establishing a fruit cannery.

FISH COMING TOMORROW.

First Shipment of Fry for the Year to Arrive Tomorrow.

The first assignment of trout fry to reach La Grande this season, will arrive tomorrow morning according to telegrams received today by those to whom the fish are consigned. The fish car will arrive on No. 6 tomorrow morning and all consignees are notified to be on hand to receive their quota. The total shipment is nearly 200,000 fish, and it will be distributed by the six anglers who receive the shipment, in all tributaries of the Grande Ronde river.

EVERYTHING IS GOOD.

Week-Opening Program at Electric is Something Fine This Time.

Manager Sherwood publishes in his regular house ad, today the full program for the opening of the week in the Electric theater. One of the best on the program, which is good throughout, is the "Baby Show." The film is really good. "In Morocco" is another peculiar film, that actually makes the spectators seasick. "San Antonio," the tune which every school boy whistles, is slated as one of the two illustrated songs.

A \$5000 HOTEL FOR SALE
