RHEUMATISM

BODY RACKED WITH PAIN

No other disease causes such wide-spread suffering as Rheumatism. It is a nerve racking torture, and so thoroughly does it dominate the system when it becomes entrenched in the blood, that its victims are usually complete slaves to pain. Rheumatism is due to an excess of uric acid in the blood brought on by stomach troubles, weak kidneys, indigestion, and a sluggish condition of the system. The natural refuse of the body, instead of passing off through the ordinary channels of waste, is left to sour and ferment in the system because of these irregularities, forming uric acid which is absorbed into the blood, and Rheumatism gets a foothold. As the blood circulates through the body it deposits the acrid, irritating substances with which it is saturated, into the different muscles, nerves, tissues and bones. Sharp, biting pains commence, the flesh becomes feverish, swollen and tender, the muscles and joints throb and jerk, and the body is literally racked with pain. Plasters, blisters, liniments, etc., can never cure the disease; they relieve the pain, perhaps temporarily, but do not reach the trouble, which is in the blood. S. S. S. is the proper treatment for Rheumatism. It goes down and attacks the disease at its head, and by driving out the poison and acrid fluids which are causing the pain, and strengthening and enriching the blood, cures Rheumatism permanently. S. S. S. is the greatest of all blood purifiers, just what is needed in every case of Rheumatism. Book on Rheumatism and any medical advice free. **THE SWIFT SPECIFIC CO., ATLANTA, GA**
