It is evident from expressions heard on every side that the voters are fully aware of the difference between Chamberlain as a candidate for governor, and Chamberlain as a candidate for United States senator. Many voted for him for governor who will not think of voting for him to be senator. They realize that the former office is purely an executive one, and the latter a legislative one. The governor's duty is to enforce the law and the senator makes the law. One establishes the policy and the other carries out the policy as made for him. The citizens of Oregon are not going to send a democrat to the United States senate. No one need worry about that.

Extend the glad hand. During times of municipal publicity every citizen of La Grande should realize that he has been appointed a member of the entertainment committee, whose duty it is to offer the glad hand to the stranger. This does not mean that it is necessary to become a "gusher," but a few pleasant words and an apparent interest in the stranger will do wonders toward making him feel at home in our city. Just a handshake and a pleasant salutation will some times do much toward creating a new citizen.

Steps should be taken to secure a vinegar plant and an apple dryer. Thousands of bushels of second grade apples go without a market in this valley each year. This is a great loss and really there is no good reason why it should be true. In other fruit sections the second grade fruit is marketed at a profit by means of dryers and vinegar plants and why should not La Grande provide similar means.

Union county is thousands of dollars richer by last night's rain. We were not exactly suffering for additional moisture, but farmers all agree that the yield will be materially increased by the warm rain which fell last evening. Union county farmers are always certain of full crops and the reason therefore is largely because of the fact that we can always depend on rains in May and June.

The La Grande Commercial club is perfecting plans for the proper advertising of La Grande and Union county. The club will give special attention to securing manufacturing plants as well

as farmers and fruit growers. We have room for all and a hearty welcome awaits every honest citizen who will cast his lot with ours and assist in making a prosperous country of Union county.
