MRS. HAGANS SERIOUSLY ILL.

Operated Upon Today But Recovery is Very Doubtful This Afternoon.

Mrs. A. O. Hagans underwent an operation for appendicitis at the Grande Ronde hospital this afternoon. Her condition is considered serious.

Mrs. Hagans suffered a severe attack of this disease four years ago.

A second attack came on very suddenly yesterday afternoon. So virulent was the seizure that the appendix ruptured this forenoon and her physicians fear that the poisonous contents of the appendix may have become so widely distributed throughout the abdominal cavity before operation, as to render the condition very grave and the outcome doubtful.

Better Than Spanking.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
