### START STREET IMPROVEMENT

Councilman A. V. Andrews last evening started a paved street movement which should receive the full support and endorsement of every business man in the city. So promptly was the motion accepted that a

special committee was appointed within a few moments, to delve into the matter and report at the next meeting of what could be done, and how best to proceed to secure paved streets for the city of La Grande. With a federal building in sight, several buildings under plans of construction, it is only proper that the city should start to pave its streets—action symbolic of thrift and enterprise. If never started, the movement will never be consummated. Before the next meeting of the council, the committee, Messrs. Kueger, Andrews and Curtis will have something pleasing to report.

### THE LIBRARY

An admission fee of 35c will be charged for the graduating exercises of the high school Tuesday evening, May 26, for the benefit of the school library.

The subjects to be discussed by members of the graduating class, are those nearest the heart of every true citizen of La Grande, and are as follows:

"Opportunity," by Blanche Kessler.  
"Park for La Grande," Mae Noyer.  
"Debate"—Resolved, That the present Commercial club movement is the best way of advertising the city." Affirmative, Fred Young; negative, Henry Stein.

"Class of 1908," by Alberta Hopper.  
"Seeing the Elephant," Will Neff.  
The class programs are decidedly chic.

**Utah Fruit Damaged.**  
J. J. Nunn, one of the most extensive fruitgrowers of Union county, is home from a trip through Utah, and in his observation in that section of the fruitgrowing centers of the west is that fruit has been ruined by frosts. At several places he found orchards, located well out in the valleys, that were damaged beyond hope. Those lying nearer to the foothills fared better.

The elk presented to the B. P. O. E. lodge by Julius Fisher several months ago, arrived in La Grande this morning and is a beautiful specimen of its kind.

It measures four feet 10 inches in height, has six-pronged antlers three feet eight inches long, and its weight is estimated at about 900 pounds.

The work of mounting was done by J. H. Baker, the well known Portland taxidermist. The mounting will be a part of the fixtures within the elk's hall.

**After Corporation Money.**  
San Francisco, May 21.—"I want some corporation money," said a lone highwayman, to a street car conductor early this morning, as he shoved a revolver in his face. He then searched the conductor and secured \$17. He threw the controller away and disappeared.

**Need Mail Box.**  
There is big need of a mail box at the west end of the depot platform to replace the one recently taken away. Many go to the trains with intention of mailing letters at the depository, but are foiled.

J. P. DeLong came in from his farm near Allcel on the afternoon train.

Vote "No," No. 321.

### New Home Ready.

The Commercial club rooms are now in excellent shape and ready for occupancy. The best of the furniture in the old club has been used to supply the needs in the new home, and that which was not used in this way has been stored today. The upholsterers today brushed things up a bit, painters dressed the walls in suitable shades until the rooms look very cozy. The rooms are 10 to 12, inclusive, in the second corridor to the left, on the second floor of the La Grande National bank building.

Do you believe in education? Do you want a state university? If so, vote "Yes," No. 314 on the official ballot on election day. The passage of this bill will increase your taxes a little more than 2 cents if you pay taxes on \$1000 worth of property. All progressive citizens should support the bill.
