BELIEVE EDITOR HAS SUICIDED

MRS. PALMER WRITES TO LA GRANDE ABOUT IT.

Wife of the Elgin Editor Who Disappeared Some Time Ago. Firmly Believes Her Husband Has Committed Suicide—Impression Is Evidently Wrong as Men Here Know the Editor Has Been in Portland Since—This She is Not Aware of.

That Editor H. H. Palmer, until recently in business at Elgin where he published the Elgin Leader, is numbered among the dead, is the belief of the distracted wife of the missing man. In a letter to La Grande parties from Hogueham, Wash., she reiterates her statement made before she left Elgin, namely, that her husband had suicided. In the letter she states that her husband has not been seen in Portland, and that she naturally supposed he would be there had he taken quiet leave of his business with the intention of dodging problems facing him.

It is positively known to people of this city, however, that Mr. Palmer cashed checks in Portland after his disappearance in La Grande about three weeks ago last Wednesday night. Those who have kept in touch with the incident are disposed to believe that Mrs. Palmer is laboring under a wrong impression.

MAKE IT UNANIMOUS.

Just now there appears to be little doubt but that it is Senator Cake of Oregon. Once the campaign started it was speedily seen that the oft-boasted personal popularity of George the Governor, was not so almighty stout as it once was. Various things that some folks have known about our chief executive have come to light, and a lot of folks are today doubtful if George was such a whale of a man after all.

The nearer Oregon makes it unanimous for Cake, the better for Oregon. There are a few places where party politics still count; they don't usually in city, county and district affairs; but they do in national affairs, especially in the upper house of congress, where the majority party gets what it wants and the minority sits tight and waits. Oregon wants a lot of things from congress; it can never get them through a democratic senator.

Between the men personally the issue is not drawn; it is not a personal campaign; if it was Mr. Cake would not be on the defensive.

It is also remembered that Cake was one of the republicans who had the nerve to stand on a statement No. 1 platform when it looked as though that meant defeat; he stood for the popular election of the United States senator whether it profited him or not; Chamberlain has stood for it because it was his sole chance of ever landing the place.

The vast difference between being good because you hope it will pay, and because it is right, represents the

To Republican Voters

AN OVERWHELMING majority of Oregon voters by registration have formally declared that they believe in the principles of the republican party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the republican national convention. Let every

REPUBLICAN VOTER IN SECOND CONGRESSIONAL DISTRICT

uphold the honor of the republican party in Oregon and strengthen influence of Oregon's delegation in the national convention by voting for H. M. Cake for United States Senator, and W. R. Ellis for Representative in congress. If either of these republican nominees fall of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's voters will be smirched and Oregon's delegation to the national convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the republican party it is your duty to be at the polls June 1st, and vote for Cake and Ellis.
