ANOTHER FLOWING WELL.

Cove Branch Has Steady Flow of Sparkling Water From Interior.

Another flowing well has been added to the list of improvements in the valley. On the farm belonging to Frank and A. B. Conley, near Cove, D. M. Hunt, the well driller, last Saturday afternoon completed a well 142 feet in depth. When the drill was pulled from the well the water had risen to within about three feet of the top. During the night some time it had increased in flow enough to force a stream two feet above the surface of the ground.

Mr. Hunt is now drilling a well for Sam Purcell of Union, on his Sandridge farm. A broken stem is causing some delay today, while it is being repaired.

NEW ORGAN IS HERE.

Pipe Organ for L. D. S. Church Has Arrived and is Being Installed.

In sections suitable for shipping to this city from the Chicago factory, the pipe organ for the L. D. S. church has reached the city and was today transported to the church. It will be installed and put in working order in time to be fully tested before the organ recital and concert this month, when the instrument will be properly dedicated. The instrument is a splendid one and there are but few on the coast as large.

TESTING ENGINE.

First of the New Engines Will Be Steamed Up and Tested This Week.

Engine No. 298, one of the new engines which reached here some time ago, was steamed up and given a short run down the main line and back again today. The formal and thorough try-out will take place next Friday when O. R. & N. officials will be here. On that day it will be given a test run with a load.

WELL DRILL EQUIPMENT.

Apparatus to Recover Drill and Cables Lost in Deep Wells.

D. M. Hunt yesterday received from St. Louis a set of grappling tools for use when well drilling tools are lost in the deep bored wells, which Mr. Hunt is engaged in drilling. About three weeks ago, while drilling a well for Albert Hutchinson at North Powder, the entire string of rope, stem and drills were lost in the 300-foot hole. The new grappling tools will be used to recover the implements from the Hutchinson well.

SMOKE PIPE OF PEACE.

Hermosillo, Mex., May 21.—After a war which has continued intermittently for more than 120 years, the Yaqui nation is about to sever tribal relations and its 20,000 members are to settle down into peaceable and law-abiding Mexican citizens. On May 7 last Luis Rule, head of the Yaqui nation, asked for a conference by which peace could be arranged. With 96 of his fellows he was met in the Bacata mountains by Colonel Jose Gonzalez and other officers of the Mexican army. The conference lasted three hours and it is believed to have paved the way to a lasting peace. At first Chief Rule assumed the aggressive in his demands, but was evidently prepared to waive them as occasion demanded. In the end terms acceptable to both parties were agreed upon.

YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.
