## COLD WEATHER HURTS FRUIT

The continued cold weather is damaging the grain crops, and also the fruit to some extent. So says C. D. Huffman. The grain needs moisture and sunshine, especially on the Sandridge. Very little rain has fallen out there, and the ground is rather dry. The cold cloudy weather is hurting the cherry and apple crops to some extent, though not yet enough to cut the crop short. Apples are dropping, but most of the trees are now over-loaded. There is no need for any grower to be alarmed because his fruit crop seems backward, for a few days of warm sunny weather will make a great difference in the appearance of the orchards.

#### LADD CANYON ITEMS.

Mr. and Mrs. Willard Couch and son, Roy, were guests at the home of Mr. and Mrs. Ihl, Sunday.

Miss Ellen Stevens returned to her home in La Grande after visiting over Saturday and Sunday here with friends.

As Friday, June 12, is the closing day of the Ladd Canyon school, there will be a picnic at Linebarger's park the same day. Let all come and enjoy themselves by the many different ways such as resting in the shade, swinging in the swing, playing games and partaking of the picnic lunch. There will also be a program rendered by the pupils of the school. All are invited to come.

Misses King and Huffman spoke at our school house on prohibition one day last week—and the result is now known to all.

La Grande, June 7, Ladd Canyon 19. The game of baseball which was played between South La Grande and Ladd Canyon at La Grande, was 19 to 1 in favor of Ladd Canyon. A few

from here were in attendance.

#### Like Our Climate.

Mrs. and Mrs. Charles Turbow, and children, who have been visiting here with relatives, have returned to their home in Joseph. Mrs. Turbow is a sister of Mrs. Frank Counsell. This is their first visit in four years, and they like the county well enough to locate here, as it is so much warmer than in Wallawa county.

#### SMALL BEERS.

Morrow, Umatilla, Union and Wallawa—all dry.

Pendleton is to have a large woolen mill—in spite of prohibition.

Also several precincts in Baker county—strange, strange!

The Baker City Prosperity association has for its objects:

1. To keep the dinner pail full.
2. To keep the pay car going.
3. To keep the factory busy.
4. To keep the workmen employed.

5. To keep the present wages up.
6. To make Baker City beautiful.
7. To keep up the beautiful lighting system.
8. To fight for a city park.
9. To boost Baker City.

Nothing is said about keeping the numerous bars in the city lined with workmen on Saturday night. Perhaps they only forgot to incorporate that as one of their purposes.

Peter Meßner, a Pendleton saloon keeper, thinks that under prohibition Pendleton will be the best town in eastern Oregon, and will transform his dramshop into an electric show shop. That's the way to look at things. Here's hoping he will make good.

#### Milton's Strawberry Festival.

Milton, Ore., June 4.—Tomorrow is the time of the great Strawberry festival and horse show in Milton. Great preparations are now under way for this occasion. There will be every manner of entertainment, music, races, ball games and a program in the

park. From 1500 to 2000 visitors are expected here for this occasion. There will be prominent speakers here, and the horse show in connection will make the day one of the greatest in the history of the town.

There will be a parade on Main street at 2 o'clock in the afternoon.

#### Bad Check Man.

G. A. Roy, wanted at Blackfoot for victimizing a few business men of the Grove City, on the strength of checks against a mythical bank account, was arrested in this city this morning by the local police and is being held to await the arrival of an officer from the scene of his alleged crime, says the Pocatello Tribune. He is in the city jail and takes his arrest stoically and philosophically. It is asserted that he caught a well known local hotel keeper for a neat sum of money on the strength of his bad checks.

#### SUMMONS.

In the Circuit Court of the State of Oregon for Union County.

The Oregon Railroad & Navigation Company, plaintiff, vs. John Eastlack and Susan Eastlack, his wife, Alonzo Crane and Ethel Crane, his wife, Alfred W. Crane, a minor, and Christopher Crane, a minor, defendants.

#### Yardmaster Killed.

J. W. Leak, yardmaster at Starbuck, for the O. R. & N., died last night from injuries received earlier, when he was accidentally run over by a switch engine, says the Walla Walla Bulletin. Mr. Leak is about 50 years of age and has been yardmaster at Starbuck for about two years. He has no relatives in this part of the country. After being run over the man was put on a train and started for this city to the hospital, but died before he reached Prescott. His left leg was completely severed at the hip, and injuries about the head and body were sustained. The remains were brought to this city, and were taken charge of by the MacMartin Undertaking company.

#### Heavy Crop of Peaches.

Freewater, Ore., June 4.—Peaches are heavy on the trees at this time, and many of the orchards are being thinned. J. N. Stone has 17 men at this work in his orchard.

La Grande went dry June 1, but it was proven over one year ago that there is an abundance of pure, sparkling artesian water in less than 1000 feet below the surface. Why not have artesian city water?

**The Secret of a Beautiful Face**  
lies in keeping the skin protected as well as cleansed. Just washing is not enough—that only leaves the delicate surface more exposed to the irritation of dust and germs; to merciless attacks of sun and weather. After washing, apply Robertine and experience its delightful refreshment. You will admire the lineless softness it imparts to face, neck and arms. It not only stimulates a radiant glow, but protects the skin from becoming coarse. It vents burning, tan and freckles.
