FEDERAL BUILDING

A circular from the treasury department says:

Upon the enactment of a law authorizing the acquisition of a site for a federal building, the treasury department invites, through a local newspaper, proposals for the sale or donation of a suitable corner. This advertisement gives such information as to the dimensions of the site and the general requirements as will enable intelligent preparation of proposals.

The offers are opened in Washington at the time stated in the advertisement, and as soon thereafter as practicable, an agent of the department is sent to make a personal examination of the proposed locations and such others as he deems desirable. Upon this report, together with representations in writing from other sources, the department selects the site and if the property is to be acquired by purchase, accepts the offer of the successful bidder, subject to the conditions stated in the advertisement and the attorney general's approval of the title.

Whenever the department is unable to purchase an acceptable site at a reasonable price, or where acceptable title cannot be secured by voluntary conveyance, a selection is made and the title acquired by condemnation proceedings, in which the price to be paid is judicially determined.

The buildings (if any) on the site should be reserved by the vendor, to be removed upon notice after payment for the land has been made. Generally, notice to move is not given until the construction of the federal building is about to begin, if the vendor is willing, pending such removal, to pay a reasonable ground rent.

Plans for public buildings are taken up in the order in which the titles to the sites therefor are vested in the United States, and the contracts for their construction are let at as early a date as practicable.

Better Than Spanking.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in the way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Stravel or Stolon.

Stravel this disease is: head and neck, white shoulder, white stripes on the neck, and on the white of the eye. I have a 1-year-old, who was first named as first named, to be named, Fred Braden, Ladd Canyon.

YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.

La Grande went dry June 1, but it was proven over one year ago that there is an abundance of pure, sparkling artesian water in less than 1000 feet below the surface. Why not have artesian city water?
