

Natural Ice is The Best

THINGS ARTIFICIAL ARE AT BEST BUT A DECEPTIVE IMITATION OF THINGS NATURAL.
 Can an impure fountain send forth pure water?
 Our ice is not dependent upon a brewery or saloon for its supply. It is furnished by the God of Nature, Who sends forth the sparkling streams from the mountain side. It is taken from the river above the duck ponds and sawmills, and is the PUREST ICE on THIS MARKET.

MANY EXTRA TRAINS PASS

Freight and passenger traffic is very heavy through La Grande this week. This is due to two conditions: the flood-stricken district of Montana and the natural increase in business over the O. R. & N. Passenger train No. 6, due from the west in the morning, has arrived in two sections the past two days. The first of these invariably carry mail and passengers, and the last, express, baggage and the special fruit shipments. The train this morning had several cars of strawberries from Hood River and the Walla Walla valley district, for points in the east.

This was not all the special trains. A pink train of the Northern Pacific, carrying bananas, passed through the city last night. In addition to that there were two sections of the Hells-Floot circus, which passed through here en route to Butte.

The drain on the engine supply has been great and still after still at the round house is empty today. The number of trains arriving and departing numbers about 22 daily during the present rush.
