# KOOSER NEW CLUB UMPIRE

To pacify uncalled for and unwarranted objections by Manager Hoster of the Baker City club of the Inland Empire baseball league, Manager O'Brien of the La Grande Babes, has employed a new umpire, which has necessitated a slight shake-up in the local club. Former Umpire William Spillman retires in favor of William Kooser, former left fielder of the La Grande team. Mr. Kooser knows baseball from top to bottom, but so does Spillman for that matter, and though the latter was slightly in disfavor at one of the recent games, fans were well aware of the fact that Spillman was doing clean work. The howls of the bugs was passed by unnoticed.

**New Garden Here.**  
The left garden will be occupied by Houston, formerly of the Pendleton aggregation. He will give his first performance here tomorrow afternoon against Walla Walla. In passing, The Observer feels confident that Kooser will make good in his new vocation, but it grieves at the release of Spillman.

# BOY INJURED

Walter Bear, the 11-year-old son of Mr. and Mrs. E. H. Bear met with a painful accident today, while with his father unloading ice from the Bear ice wagon. The break occurred between the knee and the hip of the right leg. Dr. Hubbard was called to set the break. The little fellow, though "gritty," is suffering much pain as a result, but his physician predicts rapid recovery. The accident resulted from a piece of ice falling on the boy.

### READ AND YOU WILL LEARN

That the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultant, as bronchitis, throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Blackberry root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bates Med. College, Chicago; Prof. John King, M. D., of the Univ. of Cincinnati; Prof. John M. Scudder, M. D., of the Univ. of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for life purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous or harmful agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

## S.S.S. FORTY YEARS SUCCESSFUL SERVICE

When a medicine has stood the test for a period of more than forty years and is then more popular than ever, there can be no doubt of its merit. This is the record of S. S. S. Its period of existence is marked by a long line of cures of blood and skin diseases of every character, and its value in the treatment of such troubles has become so well known that it is today the most extensively used blood medicine on the market. For Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases and all other troubles due to an impure or poisoned condition of the blood, S. S. S. has no equal. It counteracts and drives out the poisons, humors and germs, cleanses the system of all unhealthy matter, cures the disease permanently and restores strong, robust health. Where the blood is weak or anaemic, and unable to furnish the body with the nourishment and strength it needs, S. S. S. supplies it with the healthful properties and acts splendidly in toning up and reinvigorating the system. It goes down to the very bottom of all blood disorders, and in this way reaches inherited taints on which the ordinary blood medicines have no effect. Not only is S. S. S. certain in its results, but it is at the same time an absolutely safe remedy. It is made entirely of roots, herbs and barks of known healing and curative value. It does not contain the slightest trace of mineral in any form to damage the delicate parts of the system, and may be used by children with the same good results and perfect safety as by older people. It is not an experiment to use S. S. S.; it is a remedy with a record and one that has proven its worth by its forty years of successful service. If you are in need of a blood purifier for any cause begin the use of S. S. S., write our physicians and they will send you a book concerning your trouble, and will give without charge any special medical advice that is required.

## ONLY NECESSARY TO TREAT THE STOMACH

**Claim of Central Figure in Recent Controversy Is Novel.**

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack, of 3301 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort of dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse, of 29 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

We sell Mr. Cooper's medicines, and find them to be all he claims.—A. T. Hill
