## TRAFFIC STILL VERY HEAVY

The O. R. & N. passenger department is enjoying an almost unprecedented amount of business for this time of the year. Local traffic out of La Grande is very heavy on all trains. Aside from the heavy local business, it is estimated that 1000 passengers have been carried over the O. R. & N. through La Grande in the past week by reason of the floods in Montana. Then there is a large number of people who are taking advantage of the summer excursion rates to the east. Sixty dollars is the return fare to Chicago from here. Peculiarly enough, the freight business is very heavy and has been for some time.

### Observe Flag Day.

To the Editor: Sunday, June 14, being Flag Day, will not our patriotic boys and girls see to it that Old Glory floats from their homes on that day? No matter how small the flag may be, and so far as possible use our patriotic songs for their Sunday school and league services.

### Will Give Address in Salem.

Gillilan, who returned yesterday morning from Idaho, leaves for Salem Monday, where he will deliver the address to the graduates of the Oregon Institute, the normal department of Willamette university. While in Idaho Mr. Gillilan rode 32 miles through several inches of new snow, and over a part of the distance the snow was eight inches in depth.

### A Good Catch.

Frank Earls and little brother Harold, tried their luck at luring the wily inhabitants of the waters of Catherine creek, and that they were successful is shown by the number of fish caught. Frank caught an even 100, and the little fellow, who is but 6 years of age, succeeded in connecting 45 of the finny tribe to his hook and line.

### Hood River Berries Going East.

A carload of Hood River strawberries went east this morning on No. 6. They are consigned to Butte, Mont. A fruit special, running as the second section of No. 6, passed through later carrying six more cars of berries.

## YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.

La Grande went dry June 1, but it was proven over one year ago that there is an abundance of pure, sparkling artesian water in less than 1000 feet below the surface. Why not have artesian city water?
