IN FLOODS ELEVEN DAYS

Mr. and Mrs. George Hunter of Medford, Minn., arrived in La Grande last night after a long and tiresome trip, being held by wash-outs in Montana for 11 days. They spent the night as guests of Mr. and Mrs. B. A. Benham, and with the Benhams made a tour of the valley early this morning in an auto. They visited the Alice district, made a momentary halt on the outskirts of Cove, and returned to La Grande in time for breakfast and the Elgin train. The Hunters are favorably impressed with the valley, and after spending a week in Flora, Wal-lowa county, with their daughter, Mrs. Walter Curtis, will come back to La Grande, and will probably decide to locate here.

POUNDMASTER BUSY.

Owners of Cows and Horses Learning
to Keep Them Off Streets.

Poundmaster Black has been quite busy all the time since he was appointed to the place, and has done a very good job of keeping stock off the streets. A good many people are inclined to evade the ordinance prohibiting the use of the streets as pasture, but after once having to pay the amount necessary to get their favorite cow out of pound most of them are entirely willing to be careful.

CLEANING CITY WELL.

Traction Engine Will Run Pump
Which is to Remove All the Water.

Water Superintendent Gilman is today busy preparing to clean the well at the pump house. A traction engine is being moved to the well, and tomorrow morning the actual work of pumping out the water will begin. The steam pump will do all the work except to lift out the last foot of water in the bottom of the well, and that will be done by a contrivance known as the China pump, which works on the same principle as the chain pump.

YOUR WORK

Is what we want. We don't
call on you one week for it and
tell you the next we cannot do it for
you. We want it now, and all the time.
We do not think it necessary at this time to say
anything about the class of work we turn out.
The fact that we have been in the LAUN-
DRY business for twelve years in La
Grande we think sufficient evi-
dence that our work is sat-
isfactory. Try it.

La Grande went dry June 1, but it
was proven over one year ago that
there is an abundance of pure, spark-
