EXPERT HAS DONE WELL

Practically all the data and photographs required to supply reading matter and descriptive pictures in the splendid boost literature to be published at a nearby date, have been secured, and though there are some figures yet to be had, Mr. Rohrabacher took his departure for Portland today. Missing facts and figures will be mailed to him from the authorities on the subjects in question. Though here but a week, the expert was able to compile the necessary material in note form. This is due largely to his systematic method of undertaking the proposition and also the ready response which he received at the hands of the local business men.

He will edit the matter at once and turn it over to the printers as soon as it has been approved by the board of managers of the La Grande Commercial club. The expert met with that body last evening and presented the data which he has in his possession. The board was much pleased with the ground which the work's solicitation after boost facts has covered.

A FREAK MARKED RESEMBLANCE TO THE FOOT OF A HUMAN BEING IS FOUND.

J. B. Fisher, manager of the Sommer house, recently picked up a stone near his property on the hill, that is so nearly the shape of a man's foot that it is almost uncanny. The length of the freak rock is about 12 inches, and it would have served some prehistoric shoemaker, if there were any, very well, indeed, for a last.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. A. T. Hill.

A Pertinent Question.

Are your eyes good yet—have you perfect vision for long or short distances? If there is anything the matter with them, now is the time to have them examined and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. I am an Eye Specialist, and understand everything in connection with the human eye, and Glasses for same.
