STODDARD LUMBER CO.

BECK GOES TO WARDNER

Beck, the clever shortstop on the local professional team, has gone to Wardner, Idaho, where a fatter salary awaited him. His place here will be filled by Ash Houston, who last week was taken in tow by Manager O'Brien and who has been playing good ball ever since. The pitchers will alternate in the left garden to Bill Houston's regular place.

Beck was a popular player, and could hold first base and short equally well. His batting was also a desirable feature of his playing. However, the team will not suffer materially by his absence, as it happens that O'Brien has others in the squad who will cover the vacant position creditably.

LITTLE HAY DAMAGED

Reports from over the valley say that the rains this morning were general, and for the most part needed. It came at a timely moment, for a week later it would have found large quantities of hay down. The only man thus far reported who will suffer slightly by the downpour, is John McAllister, who has about 40 tons of alfalfa hay in swath. He is one of the early harvesters, however, and there are but few who will sustain any loss whatever. There are hundreds on the other hand, who will profit by the shower.

LOCAL BERRIES IN.

Strawberry Crop of Good Quality and Plentiful, Say the Growers.

Local berries are in the market now at all the stores, and though many are paying a slightly higher price for the Hood Rivers, they are much in demand, and not enough are being brought in to supply the wants of the housewives. Berries for canning are not yet being bought to any extent. The local berries brought in yesterday are sweeter than any others in the market, and for that reason many prefer them to can.

YOUR WORK

Is what we want. We don't call on you one week for it and tell you the next we cannot do it for you. We want it now, and all the time. We do not think it necessary at this time to say anything about the class of work we turn out. The fact that we have been in the LAUNDRY business for twelve years in La Grande we think sufficient evidence that our work is satisfactory. Try it.
