ASSAY OFFICE FOR FAIR

Seattle, June 15.—(Special correspondence.)—A branch United States assay office with the full machinery in operation, taking the gold in its natural state and converting it into the purified metal, will be one of the interesting moving exhibits at the Alaska-Yukon-Pacific exposition, to be held here, opening June 1 and closing October 15, 1909.

The assay office exhibit will be installed in the Alaska building as it will graphically picture an important process in the principal Alaskan industry. Seattle already has an assay office, where since its establishment in 1898 up to July 31, 1907, there has been received and paid for gold to the value of \$156,729,133. Every year millions of dollars' worth of gold is shipped to this office from the Northland. It is the intention to have the exposition office a branch of the Seattle office. It will be equipped with a furnace and complete apparatus for handling the gold as it is taken from the ground until all alloys and impurities are separated from it, and its exact value ascertained.

Some of the commitments which otherwise would be taken up by the Seattle office, will be handled by the exposition office and the processes gone through with there. A showing of the amount of precious metals the Seattle office has handled since its inception will be made in a graphic manner. The amounts will be figured out in cubic feet, and bars erected of the resulting dimensions, one representing the gold being gilded yellow, and the other showing the silver output being colored accordingly.

More Saloons into California.
The final count of the vote shows that Klamath county went dry by 51 votes, says a Klamath Falls item. The city of Klamath Falls went wet by a majority of 53, but under the local option law, it too, must go dry. Only one town went wet. The new order of things will put 20 saloons and one brewery out of business. Several of the saloon men expect to move to Dorris to engage in business. Merrill is only a mile or two from the California line, and some of the saloon men of that place expect to move across the state line, where they will continue business.

Just try those elegant chocolate sodas at Silverthorn & Mack's.

A Pertinent Question.

If there is anything the matter with them, now is the time to have them examined and, if necessary, properly fitted with correct Glasses. The wrong kind of lenses would injure instead of improve your sight. I am an Eye Specialist, and understand everything in connection with the human eye, and Glasses for same.
