ALL ENGINES ARE POOLED

Beginning yesterday morning an order pooling all the engines took effect. This was done in order to facilitate the movement of trains during the rush occasioned by the hauling of freight for the Northern Pacific. It is possible, according to one of the officials, that the arrangement may be permanent.

The pooling order is, in effect, simply that engines will be run "first in, first out." Heretofore, each engine crew had a certain engine, and could not be sent out, except in case of emergency, without the crew. Thus an engine might be lying idle in the round house, while the engine crew was resting, even though needed. Under the arrangement now in effect, an engine is sent out in its turn, in charge of the crew first out on the board. Engineers do not like this pooling order, because it is impossible for an engineer to keep his engine in apple order when he has it probably but or two runs in a week. But under the rush of present business, both engines and crews are rather scarce and must be used full time.

JACKSON GRAHAM DEAD.

One of the Early Pioneers of the Inland Empire.

Jackson Graham, one of the well known pioneers of the Inland Empire, passed away yesterday afternoon at the home of his daughter, Mrs. W. E. Fergus, in this city. The funeral will take place Tuesday afternoon at 2 o'clock in Elgin.

Mr. Graham would have been 89 years of age on the 10th day of October next. He crossed the plains 58 years ago, arriving in California in 1859. After remaining three years he returned to his native state, Indiana, and married Miss Martha McKinney. They immediately turned their faces to the shores of the setting sun and made their home in Walla Walla for 21 years. In 1874 they moved to the Grande Ronde valley. His faithful wife preceded him to the other shores 16 months ago.

Mr. Graham was charitable and broad-minded in his views. Everything that could be desired as a neighbor, and to know him was to admire and respect him. He leaves the following daughters and sons, about 50 grand children, and legions of friends.

Marion Graham, Gould City, Wash.; Mrs. J. L. Fine, Enterprise; Albert Graham and Mrs. J. W. McCully, of Lostine; John, Frank and Dan Graham and Mrs. William Arnold and Mrs. J. L. Brashears of Elgin; Mrs. J. H. Keeney and Mrs. W. E. Fergus of this city.

ADVERTISING FOR FEDERAL BUILDING SITES.

Treasury Department, Office of the Secretary, Washington, D. C., June 8, 1908.

Proposals will be received, to be opened at 2 o'clock p. m., July 16, 1908, for the sale or donation to the United States of a suitable site, centrally and conveniently located, for the federal building to be erected in La Grande, Oregon. A corner lot, of (approximately) 130x135 feet, is required. Each proposal must give the price, the character of foundations obtainable, the proximity to street cars, sewer, gas and water mains, etc., and must be accompanied by a diagram indicating the principal street, the north point, the dimensions and grades of the land, the widths and paving of adjacent streets and alleys, whether the alleys are public or private, and whether or not the city owns land occupied by sidewalks. The vendor must pay all expenses connected with furnishing evidences of title and deeds of conveyance. Improvements of the property must be reserved by the vendor; but pending the commencement of the federal building they may remain on the land upon payment of a reasonable ground rent. The grantee must, however, remove all improvements on thirty days' notice so to do. The right to reject any proposal is reserved. Each proposal must be sealed, marked "Proposal for federal building site at La Grande, Oregon," and mailed to the secretary of the treasury, (supervising architect) Washington, D. C. No special form of proposal is required or provided.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert B. Watts of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated.

Danger in a Cold

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Not only pneumonia, but also the infectious diseases such as diphtheria and scarlet fever start with a cold. The cold prepares the system for the reception and development of the germs of these diseases. Take our advice—cure your cold while you can. Chamberlain's Cough Remedy by its remarkable cures of colds has become a staple article of trade and commerce. Its promptness is its strength; it is reliable. Try it.
