BAKER GETS WEISER MEN

Manager Hosier has patched up his Baker City team from time to time until the aggregation is a strong one. The latest acquisition he has made is to sign Rochon and Harper, two fast infielders of the Weiser team, which has been in the city for the past three days. Harper and Rochon joined the Hosier bunch when that aggregation arrived this morning to open a four-game series with the locals on the home lot.
Notwithstanding that Rochon and Harper were among the cold-foetters who tramped off the diamond yesterday when the tide of battle had turned against them, it must be admitted that they are good players when their team is ahead. The two men will strengthen the "Nuggets" and assure local fandom that for four days there are going to be ball games of a high caliber.

FEWER POLICEMEN.

"Dry" Pendleton Has Little Use for Present Size Department.

Though no action has yet been taken by the council, it is the intention of the police committee to reduce the size of the police force and after the first of the month the number of officers will be lessened by at least one man, says the Pendleton East Oregonian.

At present there are two day men, Chief of Police Gurdane and Officer Scheer, while the night work is done by Officers John and Clarence Kearney. It is now the intention to do with but one day man in the future, but it is regarded as unsafe to reduce the number of night men at present.

Since prohibition went into effect here there has really been "little doing" for the police. But one solitary drunk has been taken, he being the man found at the corner of Webb and Main streets the day after the celebration at Walla Walla. Aside from that one man the police have made no arrests except in two instances where men were found fighting. Since the first of July the city has been a deserted castle.

Another effect of prohibition, and it is one that lessens police work, is found in the depopulation of the ten derloin. Since the first of the month one-half or two-thirds of the inmates of the redlight district have left for parts distant.

This fact, together with the passing of the drunks, has greatly lessened the troubles of the night officers, for in the past their hardest work grew out of troubles incident to the ten derloin.

Natural Ice is The Best

THINGS ARTIFICIAL ARE AT BEST BUT A DECEPTIVE IMITATION OF THINGS NATURAL.

Can an impure fountain send forth pure water? Our ice is not dependent upon a brewery or saloon for its supply. It is furnished by the God of Nature, Who sends forth the sparkling streams from the mountain side. It is taken from the river above the duck ponds and sawmills, and is the PUREST ICE on THIS MARKET.
