PICNICERS AT COVE

Cove, July 19.—(Special.)—While there is not a great crowd of people in attendance at the county Woodmen's picnic, yet there are a sufficient number for a most cordial good time. Before 11 o'clock one four and one six-horse load of people from La Grande arrived, and then about the same time a special train from Union brought in several score more. The players from Butte did not arrive, consequently the La Grande Boosters will play late this afternoon with the Cove ball team. After the ball game, Prof. Hicks, who made for himself such a reputation as an aeronaut on the evening of the Fourth by his balloon ascension, will give an exhibition here. During the noon hour numerous luncheon parties were to be seen in the shady grove and the Woodmen and their friends are having a delightful day.

Freewater Prospering.

Freewater, July 10.—The local cannery has started on the cherry crop with a rush. Over 100 operatives are now employed at the cannery, and the prospects of a good season's run were never better. Several carloads of cherries have already been shipped and more are being prepared for shipment. Land values are steadily rising, but not much land is changing hands as the owners prefer to hold, as with the electric line affording competition in transportation, plenty of cars for fruit shipments are most always to be had.

Last Notice.

The chairman of the street committee, W. N. Monroe, was around notifying the owners of property which should be improved with cement walks that unless work was commenced by next Monday, the city would advertise for bids for the construction of the same.

PERRY BOY HERE AGAIN

Nelson of Perry, was the center of gravitation at the baseball lot this afternoon when the second game with Baker City was opened. Fournier was looked for in the outfield, but he is still too weak to make his appearance. Otherwise the line-up was practically as yesterday, McGinnis and Lee are the mainstays of the new men in the home team, and Lee especially, seems to have the makings of a good player. This was "Ladies" day and more than the usual number of feminine rooters were in attendance. Pitcher Nelson was not flustered in the least by the presence of the ladies, nickerers at cove.

Cured After Physicians Said He Had Consumption.

E. H. Jones, Pastor M. E. Church, Grove, Md., writes: "About seven or eight years ago I had a very severe cold which physicians said was very near pneumonia, and which they afterwards pronounced consumption. Through a friend I was induced to try a sample of Foley's Honey and Tar, which gave me so much relief that I bought some of the regular size. Two or three bottles cured me of what the physicians called consumption, and I have never had any trouble with my throat or lungs since that time."
