TWO TAKE THE TEST

AUGUST FIRST SET FOR FREE MAIL DELIVERY.

If Both Applicants Pass the Examinations, the City Sub Carriership and the Coming Vacancy in the Post-office Will Have Been Filled—Apparently Nothing to Hinder Delivery Service Now.

If the lone male applicant for a commission as substitute mail carrier in the city of La Grande passes the examination held before Assistant Secretary Mary Reiland of the civil service commission this afternoon, there is apparently nothing to hinder the inauguration of the free mail delivery service in La Grande on August first. Last May, when the service should have been put in force, it was postponed until August 1, for various reasons, one being that the "sub" carrier list was not complete. While there are other matters, such as proper repair of sidewalks, that may detain the service, it seems probable that this is the last month of the old system.

Two Take Examinations.

Two applicants—one a lady and the other a gentleman—took the civil service examination this afternoon. The two applicants will fill the vacancies existing in the window clerkship of the local office, and in the sub carrier list, provided, of course, that both pass. The examination was slated for this morning, but was delayed a few hours for obvious reasons. Miss Mary Reiland conducted the "quiz."

Jail Delivery at Baker.

Just before the Democrat went to press this morning the discovery was made that there had been a jail delivery and that the county was short four prisoners. Sheriff Rand was out in search of the escaped prisoners and could not be seen, but we understand the men effected their escape by sawing the lock off with an old case knife. Two other prisoners who were in the cells refused to leave. None of the men who have escaped are considered to be very desperate criminals, three of them being suspected box car thieves or common hoboes and the third was brought in from Bourne for resisting an officer. Mr. Rand is using a makeshift in the city hall for a jail while the new court house is being built. At daylight this morning the men had not been captured.—Baker City Democrat.

Danger in a Cold

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Not only pneumonia, but also the infectious diseases such as diphtheria and scarlet fever start with a cold. The cold prepares the system for the reception and development of the germs of these diseases. Take our advice—cure your cold while you can.

Chamberlain's Cough Remedy,
by its remarkable cures of colds has become a staple article of trade and commerce. It is prompt; it is effective; it is reliable. Try it.
