OPERA HOUSE BLOCK,

LA GRANDE, OREGON

BABES WIN YESTERDAY

In a game that was characterized by two home runs, many errors and sensational fielding by Zimmerman, the La Grande Babes won from the Baker City "Nuggets" yesterday by a score of 7 to 8. The visitors got an

early lead, but when Houston put one over the fence early in the game, the score commenced to climb up. In the fifth Zimmerman earned a new hat by placing one over the fence between the 35 ft limit. Andrews & Berry have notified Zip to call and make his choice.

Nelson, the Perry boy, threw a fairly good game yesterday, and with better support at times would have had a bigger lead on the visitors than he had. It is planned to have him throw again tomorrow.

Zimmerman and Cotteman are marked up for today's game, which is next to the last of the league series. The game tomorrow ends league

baseball in La Grande for this season, and it is believed the bumper crowd of the season will be present.

The Score.

on errors—Baker City, 5; La Grande, 7. Two-base hits—Houston, Childers, Dugan, Long and Ward. Home runs—Houston and Zimmerman. Struck out—By Campbell, 6; by Nelson, 2. Double play—Nelson to Hoffman. Passed balls—Childers, 2.
Note—Rochon out by bunting third strike, Price and Standridge hit by third strike.

CARFIELD SEEN IN LA GRANDE

(Continued from page 1.)

year, is also an important decision. The third matter of importance to be dealt with by the secretary was to declare that the 7000 acres now under water would not be added to from the 16,000 remaining acres, until all the canals in the first project were in good working order. The land now under water must also be well cultivated before more land can be reclaimed. This means, considering the fact that blowing sand has filled some of the new canals, that no more government land will be watered for a year at least. Still, another decision coming under this division is that the project will be extended to the Columbia so as to take in about 49,000 additional acres, in time. The secretary was tendered a reception at the home of Congressman W. R. Ellis last evening, at which a large number of Pendleton people were given an opportunity of personally meeting the man to whom the arid west is most in gratitude. Garfield's ministry has been of inestimable service to the west, and though Union county has no particular need of the gentleman's kindness, still its sister counties do, in many instances. At Twin Falls the secretary will inspect the government project and then proceed directly east to his headquarters under the Roosevelt wing.

The South Carolina Launched. Philadelphia, Pa., July 11.—Into the waters of the Delaware river, on whose shores so many ships of the "new navy" have been built, there was launched today the great steel hull of what will be the formidable battleship South Carolina. Built by the Cramp Shipbuilding company, the South Carolina, a sister ship to the Michigan, launched a few weeks ago at Camden, is about 50 per cent completed and will be turned over to the government before the end of next year. The contract for her construction was signed two years ago this month, and her keel was laid December 18, 1906. It was a few minutes past noon when the last shores were knocked from the ways and the colossal vessel began her brief journey. Swinging aloft the wine bottle, which was clothed with the Stars and Stripes, Miss Ansel, daughter of Governor Ansel of South Carolina, crashed it against the steel bow and uttered the christening words. As the mammoth hulk glided gracefully down the greased cradle, the enthusiasm of the crowd found vent. To the shouts and cheers of the people was added the din of countless boat whistles and it was not until the South Carolina was swung gracefully to in mid-stream that the pandemonium subsided.

CZAR IN POOR HEALTH. Will Visit Heads of European Powers Next Fall or Winter. St. Petersburg, July 11.—Although he is on the verge of nervous collapse through constant fear of assassination, the czar announced today that he would carry out his adviser's plan and make a tour of European capitals this fall or spring. Emperor Franz Josef of Austria, will be the first monarch visited. The king of Italy is next, and then President Fallieres of France, King Edward, the Kaiser, the king of Greece and the prince of Montenegro will be visited in the order named.
No Trouble in Panama. Panama, July 11.—Present indications are that the election of presidential electors tomorrow will take place in an orderly manner. At the same time the authorities are prepared to promptly suppress any disorderly demonstrations. A victory for Domingo de Obaldia, the independent candidate for the presidency of the republic, seems assured. The electors chosen tomorrow will meet August 1 to elect the president.

LA GRANDE NOT EXTREMELY HOT

COMPARED WITH CHICAGO HAS REASON TO REJOICE.

Chicago Sweltering in Heat Again. While La Grande Sees Warmest Day of the Year and Only Perspires Freely—Warmer Here Than Chicago, But Not Half so Oppressive—Deaths, Prostrations and Sickness Everywhere in Chicago.

Chicago, July 11.—Chicago is sweltering again the last 24 hours. There has been one death, four prostrations and a dozen cases of illness from heat. The thermometer stood at 91 degrees in the shade at noon today and no prospect of cooler weather. The suffering in the tenement district is intense. The stockyards are deserted as few men are able to work. Thousands of wealthy families are leaving the city.

The above news dispatch makes the citizen of La Grande breathe easier, despite the fact that the government thermometer set a new mark today again by going above the 98-degree mark, it registering 99 degrees this afternoon. The heat in the city today has been oppressive, but the remarkable fact of Oregon weather compared with eastern climates is that it seems less oppressive with the thermometer standing at 100 here, than it does at 85 in the east. The heat registering machine shows that the warmest weather of the day was just before 3 o'clock, when the mercury shot up to approximately 99 degrees, as stated above.

BAKER PEOPLE WANT TIMBER.

Nearly a Score of Them Filed Yesterday and Today.

Eighteen residents of Baker City have made application for timber claims in the Grant county territory since yesterday morning. They are: John E. Benjamin, Otto J. Wisler, Wesley S. Beckhorn, Percy J. Goding, Louis H. Sergeant, Harry E. Beardsley, J. Moore DeLo, Willard M. Bennett, William A. E. Patterson, Anna G. Brown, Lulu M. Phillips, Isaac J. Logan, Andrew Carlson, William Lindell, Oscar Nelson, Elmer E. Fosbury, John C. Marvin and Charles O. Bruner. Others obtaining land in the same vicinity are Rosy W. Carrier, Centralia, Wash.; William T. Ferguson, Elmira, N. Y.; Elton Montillon, Cedar Rapids, Iowa; Cynthia E. Hiatt, Rye Valley; Harry L. Corner, Elmira; Roscoe A. Andrews, Andrews Settlement, Pa., and Annette Ehrgood, of Portland.

LABOR IN TROUBLE.

Marble Works of Denver Sues Federation for Large Sum Today.

Denver, July 11.—While conferring upon the labor matter today heads of the American Federation of Labor were served with papers requiring them to appear as defendants in the suit brought by E. H. Thompson of the marble company. President Sam Gompers, John B. Lennon, John Mitchell and Max Morris are among the leaders served. It is alleged that the men served were responsible for a strike at the marble works. The company demands \$50,000. The plaintiffs recite that they lost that amount through the suspension of business. The company says it paid union wages and employed union men. The trial will be held in August.
