County's Finances Divided.

With the announcement yesterday that the commission appointed by Governor Chamberlain to settle the financial division of Wasco county, incident to the forming of the new county, that their work was finished, Hood River county becomes an integral portion of the Oregon commonwealth. The commission consisted of William Henrichs, county judge of Sherman county; A. J. Derby, county judge of Hood River county, and A. E. Lake, county judge of Wasco county. Charles H. Sproat of Hood River, had been appointed to act on the commission, but he refused to take up the work, hence the appointment of the judge of the new county.

The commission dealt with the dividing of the county finances, both the moneys in the treasury to be devoted to the various county funds, and the taxes which are to be collected under the present assessment roll. The work was begun July 8, but owing to difficulties encountered in looking up the records, the duties of the commission were not finished until yesterday.

Speaking of the work Judge Lake said yesterday: "You may say for us that the settlement has been made to the satisfaction of the commission appointed by the governor to do the work, and that though the work progressed slowly, owing to the necessity of tracing up accounts in the records, when completed it represents the quota of both Hood River and Wasco county as nearly as we could get at it. We trust the work will prove satisfactory, as we were particularly careful that each county should receive its share of the funds."—The Dalles Chronicle.

New Barley Coming In.

Offerings of this year's harvest of barley are being brought to the city by the ranchers. So far no new wheat has come in. The prevailing price is about 70 cents for No. 1 wheat, but no sales have yet been reported.—Pendleton Tribune.

Willamette Valley Chautauqua Assembly, Gladstone Park, Oregon, July 7th to 19th, Inclusive.

For the above occasion the Oregon Railroad & Navigation Co. will sail from all points on their lines to Portland and return at one and one-third fare on the certificate plan, provided 50 or more paying passengers who have paid 50c or more, are in attendance.

Certificates to be signed by H. E. Cross, secretary of the assembly, at Gladstone Park, Ore., on or before July 21st, 1908. Tickets may be sold on any of the three days prior to, or on the opening day.

Gladstone park is located 12 miles south of Portland and can readily be reached by electric lines out of Portland.

ONLY NECESSARY TO TREAT THE STOMACH

Claim of Central Figure in Recent Controversy Is Novel.

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been misled by many physicians in a discussion of his beliefs and medicines. Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And finally, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days. Mr. Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

of a dull pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me.

Mr. Edwin F. Morse, of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; every thing seems to taste good. Anyone who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

We sell Mr. Cooper's medicines, and find them to be all he claims.—A. T. Hill!
