### University Improvements.

The university will build 400 lineal feet of cement sidewalk along the north side of the campus, where Eleventh street is paved. Filling has already begun and the cement work will also begin as soon as the board of regents meet Saturday and appropriate the funds. The earth for the parking and the gravel for the foundation are being hauled in this week. It is understood that the whole west part of the campus, which heretofore has been in hay, will be put in lawn. This of itself will be a great improvement. President Campbell takes great pride in the environs of the college and has often said that the physical environment of an institution usually is of almost as much importance as any other single feature.—Eugene Daily Guard.

### Miss Carpenter Declines Position.

Miss Clara B. Carpenter has written to the school board that she can not accept the position in the high school to which she was elected this spring. She was chosen to fill Miss Davis' place in the high school faculty, but has declined in order to continue teaching in the grades. Through Miss Carpenter's declination another vacancy is created in the high school faculty and up to this time the board has no one for the post, though it will be supplied shortly.—Pendleton East Oregonian.

### That Maccabee Social.

Don't forget to attend the Maccabee social tonight at the home of Mrs. Frank Baker, corner of Eighth and O streets. All the ice cream and cake good for you for 15 cents, and a splendid time thrown in. The ladies in charge of the fiesta have spared no effort in their work of preparing for the event, and if you neglect to attend, you will be the loser.

### Colorado Bankers.

The session will be concluded tomorrow. Banking topics will be discussed in papers and addresses by several well known authorities.

### A Notre Dame Lady's Appeal.

To all knowing sufferers of rheumatism, whether muscular or of the joints, sciatica, lumbagos, backache, pains in the kidneys or neuralgia pains, to write to her for a home treatment which has repeatedly cured all of these tortures. She feels it her duty to send it to all sufferers free. You cure yourself at home as thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. If the above interests you, for proof address Mrs. M. Summers, Box R, Notre Dame, Ind.
