TERCENTENARY CELEBRATION

OLD QUEBEC IS IN GALA ATTIRE—MAGNIFICENT

Prince of Wales Reviews Troops of Canada—15,000 Strong, Men Present Most Magnificent Spectacle Ever Witnessed in Dominion—Thousands of Sailors Marched in Review—Hundreds of Gaily Painted Indians Look Upon Scene.

Quebec, July 24.—The most magnificent scene ever witnessed in Canada was presented today on the Plains of Abraham when the Prince of Wales reviewed 15,000 Canadian troops. Ten thousand sailors were in the pageant, and practically the entire population of Quebec was present, besides thousands of visitors. Hundreds appeared in the streets attired in the historic dress of the early days of Quebec. All through the crowd were scores of painted Indians, in their brilliant blankets and war bonnets.

When the prince emerged from his quarters at the citadel this morning, he found the streets deserted. Everybody had gone to the Plains. After the parade the prince dedicated the Quebec battlefields and returned to the citadel to prepare for the grand official ball tonight at Parliament

Drummers Say Saloon Must Go. Louisville, Ky., July 24.—"The saloon must go," is the slogan of the delegates to the ninth annual convention of the Gideons, a national association of Christian commercial traveling men, which was opened in Louisville this morning with a session of the national executive committee. This afternoon the members gathered for a round table conference, at which the principal subject under discussion

is methods and plans for bringing about the abolition of the liquor traffic. A demand will also be made that Bibles be placed in every hotel room. On Sunday many of the traveling men will occupy pulpits in the various churches of Louisville, with a meeting for men in the afternoon and union services in the evening. On Monday a majority of the delegates will go on an excursion to Mammoth Cave.

Official reports to be presented will show that the national organization of the Gideons now has a membership of about 8000, a gain of about 500 in the last year.

The Gideons is a purely evangelistic organization and offers no monetary benefits to its members. Restrictions as to membership require that an applicant be a Christian; a member of some evangelical church; one whose chief business is traveling for commercial purposes, and lastly, that he agree to wear the Gideon button as a distinguishing mark by which he may be known by his fellows.

TOM AND BILL IN CHICAGO.

Chicago, Ill., July 24.—Tom Taggart, chairman of the democratic national committee, arrived here this morning. He gave out that the headquarters of the campaign will be located in Chicago. John H. Atwood, of Kansas, in the lead for appointment as chairman of the national committee.

Lincoln, Neb., July 24.—William J. Bryan left here this morning for Chicago to attend the meeting of the sub-committee of the national committee.

O'CONNELL'S BILLIARD HALL.

Man Who Was Hurt a Year Ago, Will Run Billiard Hall.

Conductor Jack O'Connell, who was badly crippled about a year ago, while attempting to board the caboose of a stock train of which he was in charge, as it was starting to pull out for Huntington, will next week open up a first-class billiard hall and tobacco store in the Corps building.

AMERICAN WINS GREAT MARATHON AGAINST FIFTY CONTESTANTS

London, July 24.—Dorando, an Italian, today won the great Marathon race of 26 miles, defeating 89 contestants.

The finish of the Italian's run was dramatic. He fell five times in the last stages of the race. Each time he was lifted up and urged on by his friends. The fifth time he fell directly in front of the royal box. Queen Alexandra arose, and waved encouragement. He was then within 10 yards of the tape. Friends rushed to him, gave him brandy, lifted him to his feet and literally pushed him over the line, where he fell in a dead faint. After he was revived he was supported by Hayes, Hefferon and Forshaw and taken to the royal box, where he was introduced to the queen.

Americans Protest Marathon.

Dorando's time in the Marathon race was 2 hours, 54 minutes and 36 seconds. The Americans protested his victory, alleging that the crowds closed in on his tracks at the finish, and that he was actually assisted across the line. John F. Hayes, of the Irish-American club, was second, Hefferon, of South Africa, third; Joseph Forshaw, of St. Louis, fourth. A big gap separated these four from the next group, which was headed by Belle of England, followed by Longboat.

The Marathon race at Athens in 1904 was won by Sherring of Canada, in 2 hours, 51 minutes, 23 3-5 seconds.

Hayes Declared Winner.

John F. Hayes, of the Irish-American Athletic club of New York, was declared the winner of the Marathon race this afternoon by the judges, who upheld the protest against Dorando, the Italian, who crossed the line first.

Hefferon was given second place, and Forshaw third.

Protest is Filed.

A protest was filed with the judges

that Hays was assisted one point near the finish.

Longboat Drops Out.

Because of one of his legs falling him, Longboat was forced to retire in the twentieth mile. He forced the running too hard at the start.

It was proved to the entire satisfaction of the judges that Dorando was assisted across the line.

Cook Qualifies for Pole Vault Finals.

Cook, American, qualified for the semi-finals in the pole vault by winning combined sections four, five and six. America captured third heat in the 1400-meter relay race, from England.

In the finals of the pole vault event Cook and Gilbert, both Americans, tied for first place, each going over the bar at 12 feet 2 inches, breaking the record.

London, July 24.—With 50 contestants entered in the Marathon race, it started from the east terrace of Windsor castle this afternoon at a signal given by the Crown Prince of Sweden. King Edward and the royal family saw the start from the terrace.

Teams representing America, England and South Africa were together at the start, and clung together for several minutes. Then Tom Longboat, the wonderful Canadian Indian, forged ahead at a terrific pace.

Protests against Longboat entering the race were overruled at the last minute today. The Americans objected to allowing the redskin to compete on the grounds that he is a professional.

At the start the runners were grouped in rows. Among the men in the first row were A. R. Walton of Chicago, Sidney Hatch of Chicago, M. J. Ryan of New York, and Tom Morrissey of Yonkers, N. Y. There were no Americans in the second row. In the third row were John F. Hayes of the Irish-American Athletic club of New York; Lewis Townin of the Carlisle Indian school; Joseph Forshaw, of the Missouri Athletic club. No Americans were in the fourth row. Thousands watched the race along the course of 26 miles and 38 yards. The course led from the terrace, through Windsor park to High street, across the Thames river bridge into Eaton, past Eaton college, along the Windsor road to High street slough, then followed a winding course to the Stadium, where the race ended. Twelve Englishmen, 11 Canadian, seven Americans, four Swedes, three Australians, two South Africans, two Greeks, two from Denmark, one German, one Finn, one Russian, one Belgian, one Austrian, one Bohemian and one Italian entered.

Smithson Again to the Front.

Tying the Olympic record of 12 2-5 seconds, Forrest Smithson of Portland, today won the second heat in the semi-final try-out for the 100-meter hurdle race. The Oregon boy is in perfect condition and is strongly backed for first place in the final heat. A. R. Shaw of America, won the first heat in the same event, in 15 3-5 seconds, qualifying for the finals. Smithson entered the second heat and won without apparent effort. His expert trainer marveled at his speed, and declared that if Smithson attempted it, he could have lowered the record. He did not try to use all of his speed in the semi-final. The showing by the two Americans puts new life into the other boys from the United States.

Everything seemed to be coming the way of the American contestants when Rand carried off the third heat of the 110-meter hurdles and Gilbert added another victory to the list by winning combined sections two and three in the pole vault, by clearing 12 feet, which is six inches less than the record made by Gounder of France, in the Olympic games at Athens in 1906. Garrels, of America, captured the fourth heat in the 110-meter hurdles, in 15 4-5 seconds.

SKY PILOTS PLAY BALL.

Spokane, Wash., July 24.—Spo-

kane's Methodist ministers will lay aside their clerical garments tomorrow and, donning the uniforms of baseball players, will meet the city fathers in a contest for supremacy on the diamond. Proceeds of the game will be used for charitable and religious purposes and Natatorium park will doubtless be crowded with fans. Great confidence is expressed in the Methodist camp, as the "sky pilots" have shown up well in practice.

The Rev. Dr. Henry I. Rasmus, pastor of the First M. E. church, and Rev. Edwin B. Lockhart will be the battery for the gospels, while Mayor C. Herbert Moore and Ben H. Rice, chief of the police department, will do the twirling and catching for the administration. Asa V. Bradrick has been selected to officiate as umpire for the ministers and Edward J. Cannon, counsel for the Northern Pacific railway, will hold the indicator for the Moore cabinet.

CROKER ASKS ABOUT KERN

SAYS KERN WILL CARRY INDIANA—LOVES EDWARD.

Former Tammany Chieftain is Interviewed—Hopes Bryan Will Be Elected—Hughes Belongs to Salvation Army—No More Roosevelt Wanted in This Country—King Edward is Popular—Would Be Elected President of the World if Election Was Held.

New York, July 24.—Richard Croker, former Tammany chieftain, takes great interest in the campaign, and hopes that Bryan will win. In an interview granted at his home at Glencairn, Ireland, he asks who Kern is, and when told, said he ought to be able to carry Indiana. He said: "America does not want any more Roosevelt," and declared that Governor Hughes belongs to the Salvation Army. Croker says that King Edward is the most popular man in Christendom, and that if ever an election for president of the world was held, Edward would be elected.

GRAIN FIRES.

Lightning Ignites Fields of Barley and Wheat.

Two grain fires in the neighborhood of Waitsburg are reported as a result of the severe electrical storm. W. Lloyd, whose farm is about one mile southwest of Waitsburg, is said to have lost a large amount of wheat, and D. C. Eaton had a large acreage of barley destroyed. As the lightning put many of the telephones out of business, details are meager, but a report from Waitsburg early in the evening was to the effect that the loss will aggregate several hundred dollars. The flames were plainly visible from Waitsburg.

WITNESS TO DEED KILLED

MAN MURDERED IN BASEMENT OF MEAT PLANT WITNESS

Officials of San Mateo County, Cal., Hunting for Man Who is Supposed to Have Killed Watchman of Plant—Only Witness Who Could Convict Slaying of Two Others—Finger Only Clew to Man Sought.

South San Francisco, July 24.—The sheriff of San Mateo county and his deputies are today scouring the country in this vicinity for the unknown Greek, who is accused of the murder of Stovan Steff, the only witness in a murder case here, who could convict the defendant. Steff was stabbed seven times in the face and seven times in the body. In the struggle he caught the right forefinger of the murderer, and bit it off. The finger is being used as a clew. The murdered man is the third member of a former bakery firm of five members to be killed within three months. The fourth partner, Toderkiproff, is now in jail awaiting trial. He is accused of killing the other two men. Steff was the only witness against him, and was some days ago murdered in the basement of the Western Meat company's building in Alameda, where he was employed as a watchman.

The authorities now think that Steff's knowledge of the murders of the two members of the bakery firm caused him to be murdered.

Robberies at Pendleton.

Three Houses Broken Into—A Forty-Pound Clock Taken.

Pendleton, July 23.—Robbers last night broke into the residences of A. J. McAllister and Nate Raines, and after ransacking the places made an attempt to gain entrance to the old Stock Exchange building, in the tenderloin district, where they evidently hoped to find liquor. From McAllister's the thieves carried away a heavy clock valued at \$50, but which will be very hard to dispose of. At the Raines place their total booty consisted of a small bank containing a few dollars. The officers have arrested two men for the Stock Exchange affair, but they say they will be able to quickly prove their innocence.

GASPIPE THUGS TO HANG.

Brutal Murders in San Francisco Recalled by Nearness of Execution.

San Quentin, Cal., July 24.—John Siemsen and Louis V. Dabner, the famous gaspipe thugs, are sentenced to hang next Friday, and this morning were marched from their cells to the death chamber, which is within a few steps of the gallows. Siemsen is showing signs of a breakdown, but Dabner maintains a stoic attitude.
