### ANTI-TOXIN FOR ASTHMA.

#### Eugene Physician's Course Defended by Medical Fraternity.

At Eugene last month Dr. George O'R. DeBar administered diphtheric anti-toxin to a young man named Vickers, for asthma, and the patient died almost immediately after its administration. An inquest was held and the coroner's jury brought in a verdict to the effect that the doctor had been guilty of criminal carelessness. Immediately after the rendering of this verdict, 15 physicians of Eugene signed a letter, in which they stated that in their judgment Dr. DeBar deserved no censure for the unfortunate result in the Vickers case, as in their opinion he had used an authorized remedy in a manner sanctioned by a widespread professional experience. They also stated that "at the last meeting of the Oregon State Medical society, at Seaside, a prominent physician of Oregon read a paper on the treatment of asthma by anti-toxin, wherein he cited 600 cases that he had treated without a fatality and with almost uniformly good results. In the discussion that followed a dozen or more cases were reported by prominent physicians of the state, with the same results and without a single fatality. Since that time many physicians all over the state have been using anti-toxin in the treatment of asthma, and usually with good results. The statement made by these physicians is clear and concise, and it is very gratifying to see that they have in this manner endeavored to set a fellow practitioner right before the public. They were certainly disinterested in the case except in so far as they desired that there should be some authoritative reply to the statements of jurymen who were entirely ignorant of the matter upon which they sought to pass judgment.—Medical Sentinel.

### PENDLETON COUNCILMAN.

#### How Dry Conditions Affect Municipal Fathers Over the Mountains.

Beer, in its application to the general weight of the city council, was discussed last night as a preliminary to the regular meeting of the municipal body. "Since prohibition went into effect," declared one councilman with an oratorical wave toward his belt, "I have taken on seven pounds. Prohibition is a great thing." "In that same time," replied another councilman, without enthusiasm, "I have lost exactly seven pounds. I don't know that the beer I drank was responsible for the weight, but the free lunch I got along with it certainly helped some."—Pendleton Tribune.

#### A Grand Family Medicine.

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 425 Houston St., N. Y. "It's a grand family medicine for dyspepsia and liver complications; it cannot be too highly recommended; while for lame back and weak kidneys Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at Newlin's drug store."

#### Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or grip and is mild and pleasant to take. A. T. Hill, druggist.

### It Can't Be Beat.

The best of all teachers is experience. C. M. Harden, of Silver City, North Carolina, says: "I find Electric Bitters does all that's claimed for it.
