Calendar for July 1908. Shows days of the week and dates from 1 to 31.

Talk is cheap, but the more we talk irrigation in this valley, the sooner it will be brought to pass. When the water is brought into the valley, then we will see the big holdings cut up into small farms.

It is quite evident that this presidential campaign is not going to create as much excitement as in the past. This is the season of the year that does not permit of very much political excitement, but nevertheless, it is patent that this is going to be a campaign of the milder sort.

It was indeed pitiful, as one of the graduates of former conditions cast his eyes up as the street sprinkler in La Grande passed by on its return trip empty, and remarked: "Well, I'll be blessed if even the water wagon hasn't gone dry."

Things must be of the quiet order across the waters when for recreation the English sports are compelled to offer 5 to 1 on Taft as a winner next November, to create any excitement at all.

If we had our cannery, the cherry market problem would be solved. Not only that but our cannery product would be in demand. No better cherries are grown anywhere than in old Grande Ronde.

It is indeed modest, to say the least, for Mr. Bryan to announce he has not yet selected his cabinet positions.

STATE NEWS.

Baker City is contemplating artificial stone as a substitute for cement sidewalks.

The University of Oregon will have the largest attendance in its history. Baker county will send a splendid mineral exhibit to the Alaska-Yukon-Pacific fair.

Pendleton is already advertising and gathering exhibits for its District Agricultural society fair.

Baker City has the reputation of being the only live baseball town in this part of the country.—Baker City Herald.

—That's her. The town of Ukiah, in Yamhill county, has not a single fraternal organization.

Farmers down in Washington county are pleased over the prospect of soon having river transportation facilities on the Tuglatta.

And there you are. We can raise cherries just as big as the prize-takers—and without any particular trouble to pick out the best, Mr. Staples, who brought the fine ones to this office this morning, had never thought particularly about having anything great in the cherry line, and would probably have never thought of their

size had he not noticed the Oregonian's article regarding the Yamhill county exhibit.

AT THE CHURCHES

Trinity Day Saints. Sunday school, 10 a. m.; regular service, 2 p. m.; mutual improvement association meets conjointly at 7:30 p. m.

St. Peter's Church. Sixth Sunday after Trinity. Holy communion, 8 a. m.; Sunday school, 10 a. m.; morning service, 11 a. m.; evening service, 8 p. m. Rev. Upton H. Gibbs, rector.

At 7 p. m., Young People's hour of praise and study, led by Mrs. Rose Stevenson, theme, "The Home Mission School House, and What It Does." At 8, evening worship, sermon, "Doubts Resolved." Music is specialized, in Sunday school, by O. S. Wigglesworth; in church service by C. G. Greene. Thursday, 8 p. m., covenant and business meeting of church. Cordial welcome to all. Rev. W. H. Gibson, pastor.

Pioneer Day in Utah. Salt Lake City, Utah, July 24.—Pioneer day, the anniversary of the arrival of the first Mormons in Salt Lake valley on July 24, 1847, was observed in the customary manner in Salt Lake and throughout Utah and Idaho today. Some of the old ox carts used in the memorable journey across the mountains and plains were exhibited.

The immigrants who reached Salt Lake valley on July 24, 1847, numbered 142. They arrived on the hill overlooking the valley which was to be their future home on the evening of the 24th. On the morning of the 25th, Brigham Young, who was in charge of the colony, drove out over the land for a reconnoiter. Alighting from his buggy, he struck his cane into the ground and said: "Here we will build a temple to the Lord." Later on during the same day the Stars and Stripes were floated at the top of Mt. Ensign and the territory was proclaimed in the name of the United States. It was at that time under Spanish rule.

The temple was not commenced until 1853 and was 49 years in building, but it stands today as a monument of the persistence of the Utah pioneers, for nearly as many obstacles were encountered as in making the memorable trip of 1200 miles across the plains in ox carts, some of them being pulled by human beings.

FOURTH REGIMENT WINS. Governor's Trophy Goes to Team From the Fourth.

Salem, July 24.—A team from the Fourth regiment won the governor's trophy in the regimental shoot this morning by a lead of about 50 points over the Third regiment. The trophy is a handsome gold-lined silver cup, presented by Governor Chamberlain. The complete score is not yet returned.

ALCOHOL IN SICKNESS.

At one of the London public hospitals a special point is made of giving alcohol to the patients as rarely and sparingly as possible; and each time that one of the physicians does so he submits a special entry of the reasons that actuated him. In the thirty-two years of the existence of the hospital alcohol has only been given seventy-one times. The cases received are exactly like those received by all the other hospitals. For 1901 they numbered 1337 in-patients only. The death-rate among these was 7.3 per cent. For the same year the average death-rate among the other London public hospitals was 9.1 per cent. Therefore the use of alcohol in sickness is not to be regarded as a necessity. Although most physicians prescribe alcohol in solution with drugs for their patients—there was one physician of national reputation who did not believe in using alcohol. Many years ago when Dr. P. V. Pierce decided to put up his valuable "Prescription" for the diseases of women in a "ready to use" form—he used as a solvent and preservative chemically pure glycerine of proper strength, which is a better solvent and preservative of the active medicinal principles residing in most of our indigenous or native plants than is alcohol. Dr. Pierce found that the glycerine, besides being entirely harmless, possesses intrinsic medicinal properties, of great value.

No woman who is suffering from inflammation from the pains and drains incident to womanhood can afford to be without Dr. Pierce's Favorite Prescription. An honest medicine which has the largest number of cures to its credit and a deserved popularity for two score years all over the United States. Dr. Pierce tells you just what is contained in his "Favorite Prescription."

ITS INGREDIENTS ARE: Golden Seal root (Hydrastis Canadensis), Lady's Slipper root (Cypripedium Pubescens), Black Cohosh root (Cimicifuga Racemosa), Unicorn root (Halenia Dioica), Blue Cohosh root (Caulophyllum Thalictrifolium), Chemically Pure Glycerine.

Among the prominent medical men of the country who recommend the above ingredients as superior remedies for nervous conditions depending upon disorders of the womanly system and for the cure of those catarrhal conditions in the affected parts are: Edwin M. Hale, M. D., Professor of Materia Medica, at Hahnemann Medical College, Chicago; Prof. John King, M. D., Author of the American Dispensary, Woman and her Diseases; Professor John M. Scudder, Doctors Hale, Ives, Wood, Bartholow and others. Address a postal card to Dr. Pierce for a complete treatise on the subject—sent to you without cost.

DR. PIERCE'S PLEASANT PELLETS cure biliousness, sick and bilious headaches, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heartburn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons who are subject to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from over-eating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

HEALTH AND HAPPINESS.

How to live in health and happiness is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers.

W. R. C. Attention.

Every member of the W. R. C. is urgently requested to be present at the regular meeting on Saturday, at 7:30, as business of importance is to be transacted.

By request of the president.

NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at La Grande, Ore., May 11th, 1908.

RAY HANSON,

of La Grande, Oregon, who on May 6th, 1908, made Timber and Stone sworn statement No. 6021, for NW 1/4, NW 1/4, Section 10, Township 4 S., Range 37, E. W. M., has filed notice of intention to make final proof, to establish claim to the land above described, before register and receiver at La Grande, Oregon, on the 3d day of August, 1908.
