THAT CANNERY IS NEEDED

The Grande Ronde valley must have a fruit cannery and packing plant ready for the next season's fruit, and if possible, for the care of this fall's apple crop. Such a plant must by reason of location, railway facilities, and labor supply, be located at La Grande. There are a thousand good and sufficient reasons why such a plant should be started at once—in fact, it should be in operation at the present time.

To take care of the fruit suitable only for canning that is sure to be left on the fruitgrowers' hands this season.

Every fruitgrower in the valley will agree with me that if we had a sure market for the poorer grades of fruit, the price paid to the fruitgrower for the better grades would be higher than now. The temptation to pack inferior grades with the better grades of fruit for the purpose of getting rid of them would be eliminated and the reputation of Grande Ronde valley fruit raised considerably. When a cannery is accessible to the fruitgrower, only the best grades need to be packed and shipped, and thus the market is relieved of the competition of the off-grade stuff, thus assuring a much better price for the best. It is the competition of the low grades that lowers the market value of the better fruit.

The large quantities of fruits now going to waste would be taken care of, and the fruitgrower of the valley would save thousands of dollars. This loss, while affecting most the grower, at the same time affects the whole valley. The above also applies to the early and undesirable varieties, which, having a limited market, very often remain unpecked.

A combined cannery and packing plant means the utilization of the raw materials of the community at home. It means more money coming into the town, and more money distributed among the people of the whole valley. Many a woman and child would be enabled to earn a considerable sum of money during the season of packing and canning, and this money is always expended for the needs of the earner. There are many more reasons why a combined cannery and packing plant should be established at La Grande, and I do not hesitate to say that I could absolutely guarantee to get contracts from jobbing houses for the entire output of such a plant.

But the plant should be owned by the people of the valley. "Every business man in the valley, every fruitgrower in the valley, and every citizen who has the welfare of this valley at heart, should own a share in such a plant. First, because such a plant would pay from the start and the promoters of it could with safety guarantee six per cent on every share of stock held in such a plant, the very first year of its operation.

Now then, why can't we have such a plant located here at once? I am signing this personally, and I firmly believe that the entire valley will respond; and that the fruitgrowers will welcome such an institution because the acreage in fruit is increasing rapidly and the loss each season from waste is increasing.

Let us start this off at once. Let us create a market for the produce of our home orchards, and at the same time a place of employment for our young men and women.

COME ON! LET'S GET STARTED NOW!
Respectfully,
P. C. LAVEY,
Of the La Grande Commercial Club.

Trim Your Trees.
Property owners having trees, the branches of which extend over the sidewalk and streets, are hereby ordered to trim them so they will not obstruct the walk. The limbs should be trimmed off to a height of not less than seven feet from the sidewalk.

River Ice Takes the Lead

Scores of people have demonstrated beyond all doubt that the natural ice handled by V. E. Bean is the purest and most durable ice on the market. For further evidence ask the numerous patrons in all parts of the city.

Cheapest Fuel

The wise man foreseeth the evil and buyeth a carload of Bean's chain wood in time to season for winter use. The foolish pass on, and are punished by paying seven to nine dollars per cord next winter. Dry wood, bigger loads for less money, and put into your woodsheds.

Strayed or Stolen.
A sorrel filly, 2 years old; branded "F. B." on left shoulder. White stripe full length of forehead, and one white hind foot. One bay, 2-year-old, branded the same as first named, leading to recovery. Fred Braden, Ladd Canyon.

Better Than Spanking.
Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful instructions. Send no money, but write her today if your children trouble in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.
