Portland Business College

"THE SCHOOL OF QUALITY"

Tenth and Morrison, Portland, Oregon A. P. Armstrong, LL.B., Principal
We occupy two floors 65 by 100 feet, have a \$20,000 equipment, employ a large faculty, give individual instruction, receive more calls for office help than we can meet. Our school admittedly leads all others in quality of instruction. It pays to attend such an institution.
Said a Business Man: "Keep hammering away everlastingly on thorough work. It will win out in the end." Said an Educator: "The quality of instruction given in your school makes it the standard of its kind in the Northwest."
Open all the year. Students admitted at any time. Catalogue free.
References: Any bank, any newspaper, any business man in Portland.

STODDARD LUMBER CO.

NIBLEY HEADS CEMENT PLANT

Portland, Ore., Aug. 3.—(Special correspondence.)—Seven thousand people in 20 minutes—that's the rate at which the various transportation interests of Portland have assured the directors of the Country Club & Livestock show that the crowds attending that event in September will be handled. Every day at the grounds is busier than the one preceding. The intense interest of the whole northwest is evidenced by the great number of entries already made, while the national interest is shown by a heavy advance correspondence from every part of the United States.

Hon. Wilbur K. Newell, president of the Oregon state board of horticulture, and equally well known in Washington, has, at the request of the Oregon Development league, condensed his ideas on good roads into 100 words, and they tell the story:

"Bad roads nullify advertising, repel immigration, increase cost of living, render the automobile useless, and will deprive the farmer of rural free delivery.

"State aid and supervision of road construction is essential.

"In equity—because a public benefit, state should pay 25 per cent of the cost, county 50 per cent, and the adjacent property owners 25 per cent.

"For thoroughness—trained engineers and strict supervision of all work.

"For economy—levy taxes and pay as we go, or on short time certificate plan.

"For education—regular and correspondence courses in road building at Oregon Agricultural college and university of Oregon.

"Let us build good roads all summer instead of talking about them all winter."

The Oregon Good Roads conference will convene promptly at 8:30 a. m. Tuesday, August 11, in the Convention hall of the Portland Commercial club, sixth floor. Another meeting will be held at 2 o'clock, and perhaps an evening session. A feature of the convention will be the attendance of many road supervisors and practical road officials.

Million Dollar Cement Plant.

A great cement plant is to be built in Portland—the first instance in America in which Portland cement has been manufactured in a city of that name. Portland and Salt Lake capitalists have organized a company with capital of \$1,200,000, and the lime-rock will be brought from Roseburg, where they own a tract of 100 acres of choice rock.

One thousand barrels of cement a day will be manufactured at the beginning, but the plant is so designed that this capacity can be doubled at any time with very slight change. Buildings and grounds will occupy a site of 15 acres in the suburbs of Portland, with both rail and water transportation.

C. W. Nibley and associates, of Salt Lake city, hold one-half the stock, with Portland capitalists the other half. Mr. Nibley has extensive interests in Utah, Idaho, Oregon and California, and is president of the Union Cement company at Devil's Slide, Utah, which has manufactured 2000 barrels a day during two years of successful and profitable operation.

Building permits exceeding \$1,000,000 were issued in Portland during July, an increase of \$300,000 as compared with that month last year. Transfers of choice business properties were never so numerous, nor building so active.

Astoria's 14th annual regatta August 27, 28 and 29, presents an excellent opportunity for people in the interior of Oregon and Washington to get a brief tenting and camping experience near the ocean. Program of sports will be unusually interesting with the addition this year of the Swedish-Norwegian saengerfest. Hon. George S. Shepherd of Portland, has been made admiral, the railroads have given very special rates, and \$1 will be the fare by boat from Portland.

Draw Frog From Boy.
Redlands, Cal., Aug. 3.—Physicians are attempting to extract a live frog from the stomach of Wayman Elliott, aged 12. He swallowed it while drinking from a hose as the result of a joke by his playmates. Physicians believe the frog will soon die.

S.S.S. A CURE FOR RHEUMATISM

Rheumatism is caused by an excess of uric acid in the blood, which is carried through the circulation to all portions of the system. Every muscle, nerve, bone and joint absorbs the acid, pain-producing poison, causing aches, inflammation, stiffness and other well known symptoms of the disease. Permanent relief from the pains and discomfort of Rheumatism cannot be expected from the use of liniments, plasters, and other external treatment which does not reach the blood, where the cause is located. Such measures give temporary relief, but in order to cure Rheumatism the uric acid and inflammatory poison must be expelled from the blood. S. S. S. cures Rheumatism because it is a perfect blood purifier. It goes down into the circulation, neutralizes the uric acid and drives it from the blood. S. S. S. expels the irritating, inflammatory matter which is causing the pain, swelling and other discomfort, enriches the weak, sour blood, and permanently cures Rheumatism. In all forms of Rheumatism, whether acute or chronic, S. S. S. will be found a safe, vegetable remedy, possessing the properties needed to cure, and at the same time a medicine that builds up the entire system by its fine tonic effects. Book on Rheumatism and any medical advice free to all who write.
