DECIDE ON LITERATURE

TEN THOUSAND 32-PAGE
BOOKLETS AND 10,000 FOLDERS

Commercial Club at Last Takes Definite Steps in Matter of Advertising Literature—Slight Change in Plans—To Keep Up a Steady Advertising Campaign.

The actual shape that the booster literature of Grande Ronde valley is to have, was decided upon last night at a meeting of the Commercial club board. As is commonly known, the Pacific Monthly of Portland, is about to print several thousand booklets for the La Grande Commercial club. The data has been procured, and the printers await orders from the club as to the exact size and the nature of the various volumes.

The Plan as Adopted.

The plan as decided upon last night calls for 10,000 32-page booklets, neatly gotten up and filled from cover to cover with newsy matter. In addition there will be printed 10,000 14-page folders for miscellaneous distribution. This last class is divided into four distinct departments, each department to have 25,000 copies. One batch of 2500 will deal exclusively with fruit, another with dairying and poultry. Farming is cared for in another, and lumbering in the fourth. The leaflets are to be rushed to accommodate immediate demands, and the more elaborate booklets are to be out in a month.

Continue Advertising.

Though there has been a change in the general plan of advertising, still the county's resources are to be kept in the limelight through consistent advertising, while the club centers its efforts on bigger things for the present. The advertising will go on with these thousands of descriptive matter, as it has heretofore, but the great big effort to bring people here will be postponed until factories and the irrigation schemes are here.

M'KENNON BUYS LAND.

Takes Over More Than Two Thousand Acres Near Meacham Creek.

The Pendleton E. O. relates that one of the largest deals in Umatilla county range lands to be recorded for some time has just been made in La Grande. J. D. McKennon, the well known grocer of La Grande, and stockman and farmer of Grande Ronde valley, has just purchased from J. D. Casey the lumberman and merchant of Hilgard, 2440 acres of timber and range land lying about 10 miles east of Meacham and surrounded by the Wenaha forest reserve.

The deeds have just been filed with Recorder F. W. Hendley of this county and the price given in the deeds is \$2555.83, or about \$2.20 per acre for the tract, and Mr. Casey receives all the timber on the land for a period of 20 years, an extraordinary provision in Umatilla county land deals.

It is understood that Mr. McKennon is buying land for cattle range, and secured it at this extremely low price by surrendering the timber. Mr. Casey will log off the land and cut cord wood on it and expects to have all the valuable timber removed within the period specified.

Conservatives Win.

Havana, Aug. 3.—Election returns throughout Cuba at noon today indicate a general victory for the conservatives, who carried the most important cities.

Notice.

To My Friends and Patrons:
Having sold my stock of hardware etc., to Messrs. Lilly and Foster, who will continue in the same line of business, and at the same place. Mr. Lilly having been associated with me for the past six years, I take pleasure in recommending the new firm to my many friends and patrons and trust that you will find business with them as pleasant as our business relations have always been. I will be found at the store during the month of July, and will be pleased to have as many of my friends call and settle their accounts as possible during the month.
Thanking you for the many favors shown me, I remain,
Very respectfully,
MRS. T. N. MURPHY.

River Ice Takes the Lead

Scores of people have demonstrated beyond all doubt that the natural ice handled by V. E. Bean is the purest and most durable ice on the market. For further evidence ask the numerous patrons in all parts of the city.

Cheapest Fuel

The wise man foreseeth the evil and buyeth a carload of Bean's chain wood in time to season for winter use. The foolish pass on, and are punished by paying seven to nine dollars per cord next winter. Dry wood, bigger loads for less money, and put into your woodsheds.
