## ON THE FARM.

## HOW NATURE PROVIDES FOR US.

The most independent man on earth is the farmer, for he makes the earth yield him almost everything needed for life. He knows that as he sows so will he reap. He usually keeps strong and healthy from constant strife with Nature—in sunshine and in pure air. At night when work is done, he finds most refreshing sleep, such as only a tired man knows. In the same way that the earth yields food for man, so does it provide remedies for human ills. Thousands of households throughout the farming districts of the United States know the value of Dr. Pierce's Golden Medical Discovery. It is Nature's most valuable and health-giving agent—made without the use of alcohol. It contains native medicinal roots, and is the concentration of Nature's vitality as found in the American forests. This remedy has a history which speaks well for it because it was given to the public by Dr. E. V. Pierce, founder of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., nearly forty years ago, and has since been sold by druggists in ever increasing quantities.

Dr. Pierce found that the bark of the Black Cherry-tree, the root of the Mandrake, Stone root, Queen's root, Bloodroot and Golden Seal root, made into a scientific, non-alcoholic extract by the use of glycerine, made the best alterative and tonic. The refreshing influence of this extract is at once apparent in the recovered strength of the patient—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which otherwise may poison the system. This alternative and tonic extract has been found to stand alone as a safe, invigorating tonic, as it does not depend on alcohol for a false stimulation, but is Nature's own method of strengthening and cleansing the system. It tones up the stomach and purifies the blood in Nature's own way. It is well known all over the world as Dr. Pierce's Golden Medical Discovery. The name was given to this vegetable compound because one of the important ingredients was Golden Seal root. \* \* \* Such an authority as Dr. Roberts Bartholow, of Jefferson Medical College, says of Golden Seal root, "very useful as a stomachic tonic. Cures catarrh of the stomach and headachy accompaning the same." Dr. Grover Cox, in his book Organic Medicines, speaking of Golden Seal root, says that "as a liver invigorator it has few equals." Further he says, "in chronic inflammation of the bladder we deem it one of the most reliable agents of cure. As a tonic in the convalescing stages of fevers, pneumonia, dysentery and other acute diseases Hydrastis (Golden Seal root) is peculiarly appropriate."

Dr. Cox continues: "We would here add that our experience has demonstrated the Hydrastis or Golden Seal root to be a valuable remedy in bronchitis, laryngitis and other affections of the respiratory organs."

Prof. Hobart A. Hare, M. D., University of Pennsylvania, says of Golden Seal: "Of service in chronic catarrh of the stomach and bowels following abuse of alcohol, a tonic after malarial fever. Has a distinct, anti-malarial influence. Good in all catarrhal conditions, as uterine catarrh, leucorrhoea, etc. Is a curative agent in chronic dyspepsia."

Prof. John M. Scudder in Specific Medication says of Golden Seal: "It stimulates the digestive processes, and increases the assimilation of food. By these means the blood is enriched, and this blood feeds the muscular system. I mention the muscular system because I believe it first feels the increased power imparted by the stimulation of increased nutrition. The consequent improvement on the nervous and glandular systems are natural results."

"In relation to its general effects on the system, there is no medicine in use about which there is such general unanimity of opinion. It is universally regarded as the tonic useful in all debilitated states."

Dr. Pierce's Favorite Prescription specially put up for women's ills—for those distressing—dragging down ailments—peculiar to women—is also a permanent remedy that is best known by its cures. With Dr. Pierce's medicines, their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence.

Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 31 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Many are coming in to the office with request for mail delivery and are supplying the necessary information. There are still many who have not met the requirement, however.
