MOORE DELIVERS ADDRESS.

National President Carries Out His Share in the Big Program.

The following is a dispatch to the St. Louis Republic, from Kirksville, Mo., under date of August 3:

The 12th annual meeting of the American Osteopathic association convened here this morning for a five-days' session. The meetings are being held under a great tent in De France park. Many delegates were at the opening session and many more are expected. The officials of the association are: Dr. F. E. Moore of La Grande, Ore., president, and Dr. L. H. Childs of Auburn, N. Y., secretary.

Dr. A. T. Still, founder of the first school of osteopathy in this city, made the address of welcome. Following this came the president's message and the regular program. The association, aided by the American School of Osteopathy of Kirksville, and other like schools, have brought osteopathy into the recognized list of the healing science, and today osteopathy is legally recognized in 30 states of the Union, where but a few years ago it was regarded as a crime to practice in any of these states. It is predicted that the other eight states soon will follow in recognizing osteopathy. Many of the leading life insurance companies and great railroad companies are recognizing the certificates of osteopathy in case of death and accident.

The big day of the convention is Thursday, when the 80th birthday of Dr. Still, "the father of osteopathy," will be celebrated.

Roads to Baker in Good Condition.

Kyle Long, who accompanied Drs. Blakeslee and Swinburne on an auto trip to Baker City, has just returned home. The trip was made from this city to Baker in eight and a half hours running time. A stop of several hours was made at La Grande, Hot Lake and Union, and the party arrived in Baker about dark without accident. The roads over the Blue mountains were somewhat rough and cut up, but from La Grande to Baker the condition of the roads was superb. Good time was made after leaving La Grande.—Pendleton East Oregonian.

Seashore Excursion.

For a special train excursion to North (Washington) beach points, the O. R. & N. company will sell round trip tickets to Nahcotta, Wash., under the following conditions:

Sale date—August 21, 1908.

Stop-overs—Continuous passage in both directions, except that stop-over will be allowed at Portland on return trip within the limit. All tickets will bear as destination, Nahcotta, Wash., but passengers may stop off at and may check baggage to any point between Hegler, Wash., and Nahcotta, Wash.

AT THE PLAYHOUSES.

Sherwood House Attracts Many.

The three performances at the Sherwood Electric last evening were well attended. "The Rag Picker's Daughter" is the principal card on that program and is truly good.

Scenic Changes.

There has been a slight change in the program at the Scenic for tonight. "The Dynamiters" is the name of the feature story. The two attractions which were run for accommodation of special requests last evening, will not be seen tonight. The feature picture is a good one, showing remarkable skill in filmdom.

The Nocturnal Thieves and the Fat Baby, which were run for the second time by special request, will be taken off the program this evening and the Dynamiters added. This is a strong feature number and one which will surely please the public. The film is a colored one, and one of the best yet to be shown here. Miss Pike and Mr. Beane will sing a duet this evening, and those who enjoy good music will receive a real musical treat.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. A. T. Hill, druggist.

Fire in Blue Mountains.

According to a telephone message received Friday morning from Pilot Rock, a small forest fire in the Blue mountains has partially destroyed the Andrews sawmill on Bear creek, about 12 miles northeast of Pilot Rock, burned 2000 feet of lumber and is still burning, despite the fact that the mill crew has been fighting to control the flames since yesterday noon. The Andrews mill is a new establishment and has only just been placed in running order. The fire started in a brush pile near the mill, yesterday, while the men were at lunch, half a mile distant.—Pendleton East Oregonian.
