

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

TRAIN CAUSES DISCOMFORT.

Pendleton Party Sits Out the Night Near Mountain Campfires.

Life in the mountains during the good old summer time is not all pleasure, according to the following from the Pendleton East Oregonian:

There are about 100 mighty "sore" people in town today as a result of a broken passenger engine on the O. R. & N. near Durkee Monday night. Beginning at La Grande and extending the entire length of the O. R. & N. system to Bingham Springs station, there were waiting Pendletonians at every station last night and the train on which they rode to Pendleton this morning did not arrive until 5 o'clock. "And thereby hangs a tale."

Early in the evening No. 5 was reported on time, but at 3:30 the passenger engine broke down near Durkee and a slower freight engine was taken to bring the train into La Grande. At that time the train was marked up an hour late.

Then began the cheerful work of keeping warm at the Pendleton camps at Meacham and Bingham Springs. It was a cold night on the mountains and wood was scarce and it was difficult to keep the bonfires replenished while waiting for the train. But the weary watchers, grown angry long ago, still piled on the wood and still listened for the whistle of the train.

But still the freight engine lagged with the heavy train and it was 12:30 when the first bunch of Pendleton people found seats and closed their eyes for a brief snooze leaving La Grande.

It was about 3:30 when the last weary Pendletonian on the mountain division of the O. R. & N. climbed into the coach, madder, colder and perhaps wiser than ever before this season.
