MANY WILL GO TO COAST

Every day adds a name or two to the list of people who are going to avail themselves of the low rates to the coast with the special train that leaves here August 21. Twenty names are already down for berths and doubtless before the train arrives the number will be doubled. In Baker City over 100 tickets have already been sold, that number including those who will go from the county at large. The rates are so low that many will take advantage of the opportunity to visit the seashore at a very low expense. Those who are thinking of going should make reservations for their berths at an early date, as the number of standard berths set aside for La Grande may be limited.

Postpone Lumber Rates.

San Francisco, Aug. 15.—Lumber carrying railroads of the Pacific coast, which were ordered by the interstate commerce commission to reduce their rates on lumber and its products, effective today, have been granted an extension of time until October 15. It was shown by the carriers involved that it would be impossible to check up rates and file new tariffs in time to become effective today.

Assurance was given the commission by some of the carriers that if the extension were granted they would not apply for an injunction to restrain the commission's order from becoming effective. However, the carriers expressly retain the right to test the reasonableness of the rates ordered by the commission in a suit to be brought for that purpose, or in suits which may develop out of reparation claims made by shippers who have been shipping under the advanced rates.

This does not include the case involving rates from the Willamette valley to San Francisco in which the Southern Pacific has already filed a petition at San Francisco asking for an injunction against the commission's order.

Probe Lumber Trust.

St. Louis, Aug. 15.—A hearing on the restraining order secured by 100 lumber companies, capitalized at \$300,000,000, alleged to be interested in the formation of a yellow pine lumber trust, will be held Monday. Actions have been brought against the concerns under the Sherman anti-trust act by the attorneys-general of Missouri, Kansas, Texas and Oklahoma.

Old Home Week.

Concord, N. H., Aug. 15.—Old Home week in New Hampshire will open here this evening with an enormous bonfire on Rattlesnake hill. Religious services will be held tomorrow for the special benefit of the home-comers. Many distinguished natives of New Hampshire have promised to deliver addresses during the coming week.

Notice.

To My Friends and Patrons:
Having sold my stock of hardware etc. to Messrs Lilly and Foster, who will continue in the same line of business and at the same place. Mr. Lilly having been associated with me for the past six years, I take pleasure in recommending the new firm to my many friends and patrons and trust that you will find business with them as pleasant as our business relations have always been. I will be found at the store during the month of July, and will be pleased to have as many of my friends call and settle their accounts as possible during the month.
Thanking you for the many favors shown me, I remain,
Very respectfully,
MRS. T. N. MURPHY.

River Ice Takes the Lead

Scores of people have demonstrated beyond all doubt that the natural ice handled by V. E. Bean is the purest and most durable ice on the market. For further evidence ask the numerous patrons in all parts of the city.

Cheapest Fuel

The wise man foreseeth the evil and buyeth a carload of Bean's chain wood in time to season for winter use. The foolish pass on, and are punished by paying seven to nine dollars per cord next winter. Dry wood, bigger loads for less money, and put into your woodsheds.

Jackrabbits Attack Trees.

Jackrabbits in large numbers are overrunning the Lewiston orchard section, and protection to the young fruit trees has been made necessary, says the Lewiston Teller.

The rabbits are particularly fond of the bark of the young trees, and their depredations have resulted in a number of trees being killed. During the past few days men have been engaged in wrapping the trees with tarred paper and steps have been taken to exterminate the rabbits.

Carrots containing strychnine have been scattered in the sections where the rabbits range and hunting parties are shooting the rabbits by moonlight.
