

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

STORE COAL IN BUNKERS

For the express purpose of unloading approximately 30,000 tons of coal for regular and storage purpose, is the object in bringing a crew of 25 Greeks to this city today and setting them to work on the elevated track in the railroad yards.

Every autumn the O. R. & N. fills its huge bunkers here with hundreds of tons of coal for emergency use and for the daily consumption by local engines. A portion of the cars on which the coal is shipped in here, are of the automatic unloading class, but a large per cent of them are not, hence the unloading by hand system.

The crew of Greeks which arrived here today will do this hand work, and before the winter months set in, the company will have ample coal supply to forestall any subsequent fuel famine on the road.

USE OLD CHUTES.

Crane is Disabled and All Engines Are Filled by Hand Again.

The old coal chutes in the O. R. & N. yards, which for several months have been vacated, are again in use, pending the repairs to the crane which usually facilitates the handling of coal on the "high line." The traveling crane has been in the round house for several days, and during that time all engines are supplied with fuel from the old coal chutes. As soon as the crane is ready for service again, the modern method of handling coal will be re-adopted.

Ice Cream Social.

The ladies of the Presbyterian church will give an ice cream social at the home of Mrs. J. K. Wright on Wednesday evening. Every one most cordially invited. A silver offering will be taken.

Pay Day Again.

Sunday coming on the 16th this month, railroad employes were paid off today, and the city's merchants have been setting several thousand dollars in circulation by means of the lucrative checks that come here on the 16th of each month.

AT THE PLAYHOUSES.

FOLLOW THE CROWDS.

Grand Opening at the Pastime Theater All This Evening.

A four-piece orchestra will officiate with the big opening of the Pastime theater this evening, when the house presents its first real program. The floor has been tilted at an angle that will insure perfect view for every one in the house, and all the new machinery requisite in running an electric theater will be used. The house is planning on making its opening night a banner one, and has hired the orchestra to aid in rendering the music. The first program starts at 7 o'clock. Notice the program in the house ad.

The Sherwood Change.

"An Indian's Gratitude" is classed as the strongest number in the Sherwood Electric program, which goes on the screen tonight. The songs are catchy and with the good set of attractions go to make up a class of entertainment well worth the time and money spent on it.

At the Scenic.

By naming "An Error in Justice" as the feature film, the Scenic presents its week-opening program this evening. Manager Gardiner names the entire program as a good one, but places special emphasis on the feature.

IMPROVE KAMELA STATION.

New Table, New Wire and New Cable at Summit Station.

Tim Donovan was in Kamela all day yesterday making extensive improvements to the wiring system of the station there. A fine new oak table was installed for the agent's use and the cable and wire system was torn out to be replaced by a more perfect equipment.

Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. A. T. Hill, druggist.
