W. N. MONROE,
Chairman Street Committee.

The Weather.

Today the mercury reached the 100 mark. The hot weather does not seem to be over with yet for a while.

MRS. NEIL PROMOTED

That Mrs. Nellie Neil, for many years a competent teacher in the public schools of this city, will be principal of the North Side building when the school opens for the ensuing year, was practically decided upon at a meeting of the school board last Saturday evening. This announcement will be received with pleasure by Mrs. Neil's many friends, as parents who have had children under her care know that they will receive the best of attention. The promotion is deserved and well earned.

The extensive improvements which have been going on at the North Side school building attic are about complete and in a few days the new building will be ready for the ringing of the school bell calling the students together for another year's work. The building will house six complete grades.

In addition to auditing and allowing various bills, the board selected Miss Billings to fill the vacancy caused by the resignation of Miss Vehrs. Miss Billings has taught school in various parts of the valley for several terms.

BACK FROM LONG TRIP

Having ridden nearly 400 miles on horseback through the wilds of Oregon and Washington, having seen peaks they had no idea existed west of the Rockies, crossing trails and mountain passes that thrilled the riders, Mayor M. K. Hall, Charles Vurpillat and Will Church returned last evening from a two weeks' outing on the Walla Walla river, the Skip Horton and the Rough Works.

Two weeks ago yesterday the party left La Grande on horseback bound for the Walla Walla river via Tollgate. They eventually reached their destination and after a few days' rest, set to fishing. Though the catches were sufficient to meet immediate demands, they report the stream well fished out. Some of their rides through the high mountain passes were extremely thrilling, and all of the party will remember the vacation as one of the most exciting and pleasing they have indulged in. Others who had crossed an especially hazardous trail, ahead of them, lost their pack horse. The animal fell from a cliff, meeting death when it struck the rocks below.

The mayor will be in his official seat at the council meeting Wednesday night and is now ready to resume his practice after a needed rest.

Hurt by Falling Barn.

Mrs. M. A. Schultz, formerly Mrs. Jasper Mitchell, was caught under the falling timbers of a barn blown over Wednesday evening, and was badly bruised and shaken, says the North Powder News.

The barn was a shed affair which Mr. Schultz was putting upon his homestead, six miles below North Powder. His wife and her daughter, Mrs. W. L. Meeker of Portland, who is visiting them, were helping him. The windstorm blew up late in the afternoon, but they kept at work, as the barn seemed far enough along to withstand it. When they felt it give way Mrs. Meeker caught up her child and, with Mr. Schultz, sprang clear of it. Mrs. Schultz was knocked down and probably would have been seriously hurt but for two benches between which she fell. She was taken out unconscious, and was ill for a day or so from the shock and painful bruises on one shoulder.

DORR OUT OF WALL STREET.

New York, Aug. 17.—The suspension of Fred E. Dorr, a broker, with offices at Los Angeles, San Francisco, Spokane, Salt Lake and Chicago, was announced on the floor of the Stock Exchange today. The announcement stated that Dorr's financial troubles were caused by him having "too many irons in the fire in Chicago, Salt Lake, San Francisco and New York."

Portland Business College

"THE SCHOOL OF QUALITY"

Tenth and Morrison, Portland, Oregon A. P. Armstrong, LL.B., Principal

We occupy two floors 65 by 100 feet, have a \$20,000 equipment, employ a large faculty, give individual instruction, receive more calls for office help than we can meet. Our school admittedly leads all others in quality of instruction. It pays to attend such an institution.

Said a Business Man: "Keep hammering away everlastingly on thorough work. It will win out in the end." Said an Educator: "The quality of instruction given in your school makes it the standard of its kind in the Northwest."

Open all the year. Students admitted at any time. Catalogue free.
