

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

REVIEW STEVENSON CASE

MATTER NOW UNDER ADVISEMENT BY KNOWLES.

Attorneys Argue Writ of Review Before Circuit Court Yesterday—Claim Irregularities in Justice Court Proceedings.

The J. E. Stevenson case, which has twice been in the justice court, was once more the subject of animated arguments yesterday afternoon before Circuit Judge Knowles. It was, this time, in the nature of a review of the legality of the lower court's decision in which Stevenson was fined \$125 for practicing dentistry without a license. Attorneys Cochran & Cochran argued for the plaintiff to have the decision set aside, claiming irregularities in the proceedings, while District Attorney Ivanhoe represented the state.

Judge Knowles took the matter under advisement and will hand down a decision on the matter in a week or two.

AT THE PLAYHOUSES.

Opening a Big Event. The big opening at the Pastime last evening was well attended. The music aided much in making the affair an entertaining one. The crowds were well pleased with the splendid rearrangement of the house that has made it much more convenient for the patrons. The program is extra long this time and worth much more than the admission price.

The Scenic.

Humor and thrillers intermingle at the Scenic. The management put on a fine program last evening and it will be seen again tonight for the last time. The Scenic is enjoying a good run and is trying to give its patrons more than their money's worth. Patrons should see the present program before a change takes place.

At the Sherwood's Electric.

Though there are some remarkable pictures in the "Indian's Gratitude," at the Sherwood Electric, there is another film which teems with spectacular views and that is a "Cumbrousome Baby." This film is distinctly humorous and calls for a gasp of breath at some particularly thrilling scene and immediately turns into a laugh at the next turn of the wheel. Three crowded houses heard the singing of the popular songs and saw the excellent program last evening. The feature story is a beautiful thing and is true to life. It is the story of an Indian wronged but who over-looks the suspicion which falls on him and comes to the rescue of his offender later on.

COVE WHIPS BAKER CITY

Baker City, Aug. 17.—In a game made conspicuous with errors by the Baker Athletes and heavy hitting by the Cove team the visitors gave the home team a drubbing by the score of 15 to 3 yesterday afternoon on the Valley avenue grounds, before a fair-sized audience of faithful fans. Both teams were badly crippled but the husky bunch from Cove proved to be there with the stick and the way they slammed Palmer's offerings all over the lot made the tender-hearted weep. In the very first chapter the visitors annexed four. Smith took first base on an error, Kall sacrificed, and the next three men up singled and when the smoke had cleared away the big four rested easily on the score board. In Baker's half the home boys were unable to do anything with Mires for he had everything necessary for a good pitcher. In the third the Athletes started the fireworks, making three runs and the fans settled back in their seats expecting to see a good ball game, but their pleasant thoughts were soon shattered, for in the fourth the visitors gathered five more to their credit. With three men on bases F. Mires leaned against a choice one for a single, scoring two. Palmer hit Allen a jolt in the ribs, and the bases were once more full. Two more singles brought in two more and the ball game gradually but surely was turned into a comedy of errors. After Baker had made their three runs Mires settled down and allowed the club boys but one more hit, while in the sixth the visitors gathered two and in the seventh four.
