POOL ALL ENGINES HERE

POOLING SYSTEM MAY BE MADE PERMANENT HEREAFTER

Freight business on the O. R. & N. has again assumed a place in imminence that it has become necessary to pool all the engines in the local round house, and what is even of more interest, the pool is likely to remain permanent. Last summer when freight business was at its height, the engines were pooled for a time, but when the business eased up a bit, the engines went back to the regular system—that of holding an engine crew until the engine on which the crew normally runs, is ready to go out. Now the business is such that the company cannot afford to hold an engine until the crew is ready for it. It has become necessary to send the power out when needed and to assign any crew to it. Local officials believe the pooling will be permanent.

Three New Engines. To more adequately handle the freight business, three additional engines of the consignment sent here several months ago from the factory, will be put in service.

No. 207 was given its trial test today by Engineer Given. This is of the passenger type, and of the same class as No. 206, which is now being set up to go out tomorrow. In addition to these two passenger engines which will be broken in on freight business, freight engine No. 387 will also be set up at once.

New Engine on Branch. Engine No. 149 will be put on the Elgin service at a near date. The business on that line is so heavy that the present power is insufficient.

AT THE PLAYHOUSES.

Two New Films Today. The Pastime's already excellent program will be augmented today by the addition of "Twist Love and Duty," a tale of the west and the funniest yet, and "Get Me a Step-ladder." Both of these are good, but will be presented at the matinee and evening performances today only. As a special music feature Miss Laura Green will again sing at each performance. She sang last evening and made a decided hit with the audience, as evidenced by the liberal applause. Miss Green's number is in addition to the regular program.

Ever Popular Sherwood's. The Sherwood Electric has had a popular run with this program. While there are two numbers that stand out as features, the entire program is good and is proving pleasing in the extreme to the patrons.

DOG WANTED. An Opportunity to Place a Homeless Dog in Good Family.

J. J. Carr is looking for an opportunity to adopt a dog. Mr. Carr has come to the conclusion that no home is complete without a canine auxiliary. He is not over particular as to the style of the dog, but believes that he can best care for one which can accompany him on his annual hunting trip and make himself useful in driving the birds within range of his shotgun. He is not particular as to the pattern, but will insist that he have a good nose and not especially given to singing to the moon. Persons wishing to dispose of a how-wow at a reasonable figure should call at the Henry & Carr furniture store with sample at once. Mr. Carr is willing to pay for the right sort of a dog and promises kind treatment.

Flouring Mill Sold. An unconfirmed rumor has it that the Elgin flour mill has been sold to Kiddie Bros., the well known Island City milling firm. The owners of the local mill have not verified the report, but it is understood that the deal is an assured fact.—Elgin Recorder.

The weather reports state that it will be fair tonight and tomorrow.
