APPLE PACKING SCHOOL.

Hood River Apple Growers' Union to Educate in Modern Science.

Hood River, Aug. 26.—Hood River comes forward with another original stunt in the fruit business. Beginning with the 14th of September and continuing for a period of one week, the Hood River Apple Growers' union will open a school in which will be taught the science of apple packing.

The union has concluded to use its spacious ware rooms on railroad row for the purpose of training all those who desire to learn the art of packing apples for the commercial trade, according to the Hood River standard. There are several different styles of pack to learn; and one must also be exact on color and size. With these essentials well learned, the matter of rapidly will soon develop itself.

The apple growers are asked to furnish windfalls and culls for the purpose of demonstration in the school; and the union will provide the expert packers to impart the necessary instructions to the student packers. All who desire to be taught the apple packing business for this fall's rush will report to Manager Huxley and be on hand promptly at the date specified. There will be no expense to the student other than his board and lodging while in the city.

The matter of packing the apple crop in Hood River valley is becoming to be a proposition of colossal proportions. In a year or two it will require a small army of men, women and children to harvest the rousaceous fruit and prepare it for transit. The labor of picking and packing is both delightful and remunerative.

It is expected that a large class will be on hand the opening day. Farmers, bring your apples a few days previous!

BOX CAR AFIRE.

Freight Train Brings in Burning Car of Hay to Baker City.

When the freight train in charge of Conductor F. C. Topping arrived in Baker City this morning, there was a carload of hay afire, says the Baker City Herald. An alarm was immediately turned in and within a remarkably short time the firemen were on the scene and had a stream of water on the blaze. It did not take them long to dump the hay out and put out the fire. The car was damaged considerably and the hay will be almost a total loss.

The car of hay was taken on at Haines and when they were out a short distance the conductor discovered that the car was afire. A quick run was made to this city and the alarm turned in by George Jett. The conductor and those at the train were surprised at the quick run, for Brig and Eagle took to the work like a duck to water, and with Frank Grabner holding the lines, they lost no time in reaching the burning car. Considering the fact that the horses had to be led from their stalls and hitched to the engine, the run was made in record time.

IMBLER ITEMS.

Correspondent Compiles Important Items From Imbler District.

Imbler, Aug. 25.—(Special.)—Ed Tuttle is hauling his wheat to Kiddle Bros. His yield was 28 bushels per acre.

C. W. Tullis of La Grande, has accepted a position as manager of the Imbler M. & S. company.

H. L. Alexander, the blacksmith, has secured Frank McLain, an expert horsehoer, from Seattle.

The Ladies' Aid will give an ice cream social on Isaac Bingerman's lawn Saturday evening.

The Imbler mill is elevating wheat preparatory for a day and night run.

William Henry has bought the Nob Anderson ranch from C. R. Hibberd, the consideration being \$9,400.

The Pacific Coast Grain company is shipping a car of wheat today.

L. M. Jensen is boosting the irrigation project with force.

Miss Birdie Riggs is again in the store of Walter Stringham.

S. L. Brooks will go to Wisconsin immediately after the state fair at Salem, to purchase one or more Lydesdale stations. Mr. Brooks has one of the best lot of horses on the Pacific coast and distance makes no difference when he goes after the good ones. This is the spirit it takes to keep up with Grande Ronde.

The Home Independent Telephone company is making improvements in this locality.
