

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

No harm can result from its use and much good is inevitable. As a system builder it is unequalled. As a beverage for pleasure only, it is unequalled. A trial order will convince you.

SEVERAL NEW FIRMS.

September Brings Three Changes of Management of Local Businesses.

The first of the coming month will see several changes in the business men's personnel of the city. Messrs. Pattison will displace J. D. McKennon in the McKennon grocery store, and already J. M. Berry—another landmark in the city's history—has been replaced by his successors, C. C. Pennington & Co. Aside from these two changes the Kilpatrick implement house is soon to be under a new management. All in all, the new month will open new firm accounts in the ledgers of this city. We are happy to note that none of these went out of business because of the money stringency, but all have laid by sufficient worldly goods to warrant retirement from business. They made their little "stacks" right here in La Grande through careful management of business. Where one has made his income sufficient to last into the new year, many more will be able to equal it in a less number of years, in the future. This will especially be true when mountain water is poured over now semi-arid sections of the valley and the troubled income of the land owners commences to find its way into the coffers of city merchants and business men.

A Polk county farmer harvested oats this season which yielded him 117 bushels per acre, says the Salem Statesman. They were grown on land from which a crop of clover had been raised. That kind of farming pays.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burnham Testifies After Four Years. G. B. Burnham of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been completely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of these symptoms during the four years that have elapsed, and I am evidently cured to stay, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
