# DEMOCRATS MIX ORDERS

Mistaken signals, "bawled up" orders and a few other things are responsible for the non-existence of plans for the organization of a Bryan-Kern club in this city today. Orders had gone forth yesterday for a meeting of the central committee of the democratic party to be held in the parlors of the Sommer house last evening, but three, or perhaps four, staunch democrats were all that were present. The secretary's call had not been understood, hence the organization of a club parallel to the Taft-Sherman organization has been deferred a few days. The meeting last evening was to have been a round-table talk to perfect plans for the early organization of a party club to further the interests of the standard-bearers of the democratic party, as the Taft-Sherman club is destined to affect the G. O. P.'s leaders.

# VALUABLE HORSES

During the past six weeks there have been six local transfers of blooded animals in the horse line in this county, which reflects the grade of horses bred in this county. These six horses, each 2 years old, were sold for prices ranging from \$450 to \$750, and the remarkable thing about the high-priced sales is that with one exception the horses are still here and will be used to breed more stock like them. The one exception went to Umatilla county. The horses were bred here, sold here, and will be held here to purify the horseflesh of the county. With rapid strides this valley is forging to the front in the state as a horse-raising center, and sales like these reported are what make it. Those who bred the valuable horses referred to were A. B. Conley, Duncan McDonald, Fred Gaskel, George Wade, Sam Brooks. Still another transaction is now on foot in which another \$750 sale will be made.

A few years ago this county was on a par with other districts of the state in breeding horses, but during the past three years, local horse owners have seen the absolute necessity of raising only the very best breeds, and the result is what is noted.

The same thing is true of all lines of stockraising and in a few years, it will be found that dairying will hold the same high pinnacle that horse raising is now holding, according to P. A. Charlton, the veterinary.

### HERE ON HONEYMOON.

Former Railroad Employee Located Here, Returns From East With His Bride.

Mr. and Mrs. Jess Masile, who were married at Oconomowoc, Wis., recently, arrived in the city last evening on their honeymoon and spent the night in the city, going on to Pendleton on the morning train. Mr. Masile has been connected with the maintenance department of the block signal service in eastern Oregon for the past year, and a few months ago left his headquarters at Pendleton for the east to get his bride. He was formerly in this city.

Cured Hay Fever and Summer Cold. A. J. Nusbaum, Batesville, Ind., writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." A. T. Hill, druggist.

### TAFT-SHERMAN CLUB FORMED

of officials to consist of a president, first vice-president and a precinct vice-president in each precinct, secretary and a treasurer, the chairman of the committee precipitated the election of officers.

C. E. Cochran presented the name of F. S. Ivanhoe, after a warm speech setting forth the necessity of a club here and of a man who is able to execute and "take the stump" for the good of the cause, at the club's head. His nomination was warmly applauded and the district attorney was nominated. His acceptance speech was brief but terse. He realized the fact that the field in this county is large and that the club, then about to be perfected would take to the oars with a vim. His theories were warmly applauded.

### Full Slate Nominated.

Then came the nomination of a full slate of officers. Harmony prevailed at every turn and the rank and file went away feeling much good will result from the organization.

### Voluntary Donations.

The sense of the meeting was that new members must be secured as a rank and file of the club, but that no money transaction shall be a question. Voluntary contributions will be received, but to belong to the club does not necessitate cash donations.

### Out After Members.

After careful consideration President Ivanhoe will appoint a committee of five to scurry for membership among the younger element and the old-time republicans as well. His choice will be made known soon. This committee will be instructed to "go out among 'em" to gather in the entire republican party. "Two hundred members in this city at least," is the slogan. The club will endeavor to bring leading and able speakers into this county to spread the Taft-Sherman propaganda and that it will augur good for the party is foreordained.

### Reduce Shaving Price.

In view of various conditions existing in this city, we have decided to reduce the price of shaving at our tonorial parlor. We have had much success with charging 25 cents for shaving, but believe we can better accommodate our patrons by adopting the original scale, that of 15 cents. Hence, after the first of September the original scale will be in effect here.

Hoping to retain our regular customers and promising the same high-class service, we are,
