

BRICK IS CHEAPER

Brick building, at the present price of lumber, is cheaper as well as better. It has been demonstrated that my brick is superior to any made in Oregon. I can furnish common brick in any quantity. No order too large or too small to receive prompt attention. Correspondence with contractors and builders solicited. Estimates cheerfully furnished. Prices made known on application.

FROM THE OIL FIELDS

T. W. Davidson returned Monday morning from the Malheur oil fields. Mr. Davidson stated to the Republican that he had completed the location work on the 12 sections which he and his associates have located, and in a short time their plan is to secure a drilling outfit and test the land for commercial oil. That in 60 or 90 days at the most, they expect to be drilling. He further stated that the three carloads of lumber and timber shipped by the Union Lumber company to the Columbia Oil & Gas company of Spokane, have all been hauled to the company's land, and is being used for the erection of the derrick. Mr. Davidson says also that this machinery is all now in place and by September 15 or 20 they will be drilling with two shifts. Also that strangers are coming to Vale on every train to examine the field. Mr. Davidson is entirely satisfied with the outlook in Malheur and will continue in the good work. Union Republican.

A New Theater.

A well founded rumor is about that some of the business men of Union are about to build a new theater and dance hall here. About half of the money needed for a fine new building has already been promised and before many months Union will have an up-to-date hall.—Union Republican.

New Trail to Lakes.

Chief Ranger Parker of Whitman national forest, has just finished the government trail from North Powder to the North Powder lakes, whither tourists, hunters and campers go annually. At the time he was opening the trail North Powder was given an opportunity at small cost to broaden the six-foot government trail into a wagon road.—Haines Record.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, headache, stomach trouble, sluggish liver, irregular heart action, etc. If you have any signs of Kidney or Bladder trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
